KASHMIR RIGHTS FORUM *CUSTODIANS OF HUMAN RIGHTS IN KASHMIR*

The Kashmir Rights Forum (KRF) is an informal, secular, apolitical and forward looking interactive platform highlighting human rights violations perpetuated against innocent Kashmiri population by terrorists either directly supported by separatists and their over ground workers or indirectly by sympathizers over last three decades as a result of proxywar initiated by Pakistan on our homeland.

KRF is dexterous, focused forum with overarching mission to mobilize expertise and public opinion to counter the organized attempt to violate human rights of common innocent Kashmiris of all generations by the nexus and tarnishing the image of government and security forces by certain section of media, intelligentsia and conflict entrepreneurs by flaring up allegations of human rights violations on them, thus diverting attention from the real perpetrators of these violations.

We, at KRF encourage response by likeminded or otherwise, people and organizations, on documents, articles & video content produced on multiple social media platforms by us to apprise all citizens of such violations. KRF will endeavor to expose the designs of the perpetrators by studying the past and present and producing the facts for public scrutiny as part of our research and highlight such events in present, earliest on occurrence.

A Review of **Human Rights Violations in Kashmir** for the month of June 2021

COUNCILLOR LOSES HIS LIFE TO TERRORISTS BULLETS

A son who came to his hometown Tral in Kashmir, a fortnight after his father died in Jammu, his family never saw him after that

Rakesh Pandita, a municipal councillor of Pulwama's Tral was killed in firing by three terrorists on 02 June 2021. Terrorists fired at Rakesh Pandita and his friend's daughter, Asifa Mushtaq. Rakesh Pandita succumbed to injuries whereas Asifa is seriously wounded. A fearless nationalist who would work for his people, he was elected unopposed to the municipal council in Tral in Oct 2018.

He was staying at Srinagar government accommodation under police security due to a terrorist threat. Pandita left his security officials behind while going to Tral which was his hometown. BJP leader Pandita's neighbours called him a 'jolly' person who was ever ready to help people in need. People known to Pandita described him as, "he would take care of us as well. He was our pillar." Pandita was a sole bread winner for his family, he is survived by his mother, his wife, Aparna, and his son, Paras, a 17 year old class XII student. He

also has a brother who is disabled. Paras his 17 year old son said "I have just cremated my own father," as he tried to hold back his tears. "I would never understand why the terrorists killed my father, an innocent man who was working for the welfare of the entire society and betterment of the entire area irrespective of caste or religion.."

Paras said a dark future stares at him and he had no idea how he can manage to look after his family. "The terrorists might be thinking that they killed just one man, but in reality, they have killed our entire family, they have killed the dreams of our family. My father always wanted me to study well and do good in life, but now the responsibility of the family has come on me and I don't know how I would be able to sustain them" Paras said. The incident has shattered the family comprising of an old mother, young wife, a teenaged son and a differently abled brother and scarred the family forever.

Brutal killing of Rakesh Pandita, a municipal councillor is an attempt by militants to eliminate the alternative leadership and instill fear in the mind of locals who want progress and development in the Valley.

ANOTHER SENSELESS ACT OF RANDOM VIOLENCE IN KASHMIR

Three Civilians, Two Policemen Killed and Seven others injured after terrorists attacked on Police Party in Sopore.

Terrorists fired upon a joint party of CRPF and police in Arampora area (near main chowk) in Sopore town of Baramulla district in Jammu and Kashmir on Saturday 12 Jun 2021.

Two policemen and three civilians were killed and atleast three others injured when terrorists opened fire targeting security forces in Sopore town of Baramulla district.

The two policemen who lost their lives were identified as Const Waseem Ahmed Bhat from Narbal Srinagar and Showkat Ahmed Parray from Goripura Budgam, two more policemen SI Mukesh Kumar and SPO Danish were critically injured. Three civilians Basheer Ahmed Khan, Showkat Ahmed Shalla and Nayeem Ahmed Khan

Such cowardly attacks by the terrorists on policemen who are working towards protecting lives and livelihood of common citizens is a desperate attempt by the terrorists groups to terrorise the local Kashmiri and disturb the general well being of Society.

also lost their lives in the incident.

While terrorists claim they are fighting for Kashmiri independence and to defend Muslim Kashmiris, in reality the terrorists have committed widespread and numerous human rights abuses and creating among the civilian population a pervasive climate of fear, distrust and sadness.

The incident affects the morale and created fear in the minds of local population, injured

civilians and functioning in terms of job/life was disrupted causing not just physical trauma but also economic strain and mental trauma.

The killings, apart from being barbaric and inhuman, are also condemnable for being against the spirit of 'Kashmiriyat'.

KILLINGS OF INNOCENT CIVILIANS BY TERRORISTS CONTINUES

A young mobile shop owner shot dead by terrorists in Srinagar

Umar Nazir Ahmad Bhat a 25 year old youth who was trying to make a life and living running his mobile shop was shot in Habba Kadal area of Srinagar. Umar Nazir Bhat was standing outside his mobile accessories shop in the congested Habba Kadal market in the evening when terrorists opened fire upon him from a close range.

Unidentified gunmen entered Umar Nazir's shop in Haba kadal on 23 Jun 21 and opened fire on him from point blank range. In this attack he received bullets in chest and was shifted to SMHS Hospital where he was declared brought dead by the doctors.

The trend of terrorist groups

targetting innocent civilians, including women and children, has increased. Such acts are gross violations of Human rights of civilians who have become targets of the bullets of terrorists.

The agenda of the terrorists is to discourage the local population from leading a normal life and to create fear amongst the masses and not let normalcy set in daily lives, besides scarring a family forever .

The killing is not just of an individual but also the murder of the dreams and hopes of the family who lost its child, a son, a brother, a husband and a father.

“These senseless acts of violence have brought only misery to J&K,”

Terrorists are desperate to silence any voice raised against their agenda and instill fear in the minds of self respecting youth who want to earn their livelihood.

(A)Date of Incident-23 Jun 2021. (B)Location- Kailashpora, Habba Kadal Srinagar.

GRENADE ATTACK IN TRAL PULWAMA

Seven Civilians injured as terrorists hurl grenade at Police at Main Bus Stand Tral, Pulwama

Terrorists on Sunday, 06 Jun 2021 lobbed a grenade on a vehicle of the Central Reserve Police Force (CRPF) at the main bus stand in Tral chowk in Pulwama district. There was no immediate loss of life reported. all CRPF jawans were said to be safe. However, seven civilians were believed to be injured. An official of police control room Awantipora said that terrorists lobbed a grenade towards a naka party of police and CRPF which missed the target but injured civilians. One of the injured, Farooq Reshi (55) of Tral Payeen was referred to Srinagar hospital as he has suffered serious abdominal injury. The other injured are Mohammad Amad-Ud-Din of Satoora, Haseena Begum of Darganiegund, Jalaluddin Bhat of Khrew in

Pampore, Ilyas Ahmed Bhat of Reshpura Tral, Khalifa of Chankitar and Bashir Ahmad Hajam of Tral Payeen. The grenade attack in the crowded market place of Tral Chowk is a desperate

attempt by the terrorists to instill fear, disrupt social function, disturb the general well-being of societies and also emotionally affect the families forever through acts of violence. This is high time that we realise the desperation of the terrorists from Pak

The Grenade attack by the terrorists in the crowded market area is an attempt to instill fear, disturb social functioning and emotionally affect the local Kashmiri through acts of violence.

supported terror groups Carrying out grenade attack in crowded market areas shows that these terror outfits have totally disregarded the safety of common Kashmiri civilian and do not want normalcy to be back in Kashmir.

COP SHOT DEAD AT SAIDAPORA EIDGAH SRINAGAR

Cop Shot while standing outside his house succumbs to injury

Unknown gunmen on 17 June 2021, Thursday evening shot dead a policeman in Eidgah area of Srinagar. The policeman Javed Ahmad

Kambay was outside his house in Saidapora locality of Eidgah on Thursday evening when unidentified terrorists appeared and fired at him. In the surprise terrorist attack the cop was critically injured and moved to the nearby S K Institute of Medical Science at Soura for treatment. He was declared dead on arrival. The attack came a day after a local Lashkae-e-Toiba (LeT) terrorist was killed in a gunfight with state forces in Nowgam area of Srinagar outskirts.

Mainstream political parties in Jammu and Kashmir condemned the killing of a policeman, who was shot dead by terrorists while he was off duty here on Thursday. National Conference (NC) Vice-President Omar Abdullah wrote on Twitter "Another terrorist attack & another family is mourning. May Javeed Ahmed more family destroyed. This unending cycle of violence has consumed us all. My deepest condolences to his family & loved ones".

People's Conference chairman Sajad Lone wrote in his tweet "Every killing in the valley leaves more widows and orphans and grieving parents. RIP Javed".

Javed Ahmad Kambay was posted with a retired judge as PSO and had returned home

some time ago. He was not on duty neither carrying any weapon and was no threat to anyone, when he was shot dead at point blank range, which

shows the cowardice of the terrorists. The targeting of unarmed security personnel and civilians shows the desperation amongst the terrorist groups and their bosses sitting across the borders to portray the situation in J&K in bad light in front of International forums. If the attack is for the freedom of Kashmir or save Kashmiris, how does killing of an unarmed police personnel going to help the perpetrators in achieving the ultimate agenda. Earlier on June 12, terrorists attacked a joint patrol party of police and CRPF in the Sopore market in north Kashmir's Baramulla district. In the terrorist attack, two policemen and two civilians were killed. Since 1990 when the armed insurgency broke out in Kashmir 1,068 police personnel and 510 special police officers (SPOs) have been killed in various terror attacks. He may find place in Jannat (heaven) & may his family find strength during this difficult time".

People's Democratic Party (PDP) president Mehbooba Mufti said the unending cycle of violence has "consumed us all". In her Twitter she wrote "Another precious life snuffed out & one more terrorist attacks.

The terrorists desperate attempt to demonise and discredit the Security forces, target the unarmed security personnels of JKPF.

CID INSPECTOR SHOT DEAD IN NOWGAM SRINAGAR

CID Officer Shot at while returning home after performing Namaz at local mosque succumbs to Gun Shot on reaching Hospital

Unidentified terrorists on 22 June 2021 Tuesday opened fired and shot down a police officer of CID wing at Kanipora in the outskirts of Srinagar city in Jammu and Kashmir. He was immediately rushed to a nearby hospital where he was pronounced dead by doctors. According to reports, the CID Inspector has been identified as Pervaiz Ahmad Dar and was posted at Parimpora police station.

Dar was returning home after performing the evening prayers at a mosque, he was not carrying any weapon and was no threat to anyone, when he was shot in the back, which shows the cowardice of the terrorists. The police spokesperson in a statement issued here on Tuesday night said that around 8:00 pm, two unidentified pistol borne terrorists fired indiscriminately upon the police officer injuring him critically. The officer, he said, was on his way to a local mosque to offer prayers when the terrorists attacked him. "CCTV footage shows firing by two terrorists with pistols. Identification is being done. Suspects are being questioned," he said. The officer is survived by his wife, a 13-year-old daughter and a 10-year-old son. Lt Governor Manoj Sinha condemned the brutal killing. "His supreme sacrifice won't go in vain, terrorists will be

punished for the act," he said. In his Twitter account the Lt Governor wrote "I strongly condemn the brutal killing of Inspector Shri Parvaiz Ahmad Dar of J&K Police outside mosque in Nowgam by terrorists. His supreme sacrifice won't go in vain, terrorists will be punished for the act. My heartfelt condolences to the family of martyr."

The desperation of the terrorists from Pak supported "Shaheed Anas Squad" of the TRF is visible from the fact that, now they are targeting unarmed security personnels and civilians. What is the end their actions are going to lead to is something we need to delve upon. If the attack is for the freedom of Kashmir, or save Kashmiris, how does killing of an unarmed police personnel going to help the perpetrators in achieving the ultimate agenda. It's high time we should realise that these kind of attacks are only an act of desperation and we should stop playing at the hands of the propaganda machinery of Pakistan that is working 24/7 to portray that poor Kashmiris are in need of salvation.

Dar's killing comes five days after terrorists shot dead a policeman Javaid Ahmad Tambi outside his house in Saidpora locality of Eidgah on Thursday evening.

This attack on a honest police officer brings to fore the nefarious designs of Pak backed militants to cause disturbance in the beautiful Kashmir Valley and deny honest means of livelihood to the citizens.

ONE KILLED AND THREE INJURED IN A GRENADE ATTACK

Grenade thrown by terrorists explodes on road side killing one and injuring three

1. Terrorists on Saturday lobbed a grenade at a joint team of forces in Srinagar on 26 Jun 2021 at 1800 hrs. At least, three civilians were injured in the attack and another proved to be fatal. The incident took place at Barbarshan area in Srinagar. Target for this attack was a joint team of the CRPF and J&K police at Barbarshan falling under the jurisdiction of Kralkhud police station. The grenade

Such attacks by terrorists negatively impact the confidence of innocent civilians on their general safety and pride which they have on their culture and grooming as a whole.

exploded on the roadside, resulting in the fatal casualty and injuries.

2. The deceased has been identified as Mudasir Ahmed Bhat and others injured were identified as Shakeela Hano, Hilal Ahmad and Shahid Nazir. The incident affected the morale of civilians and created fear as well as uncertainty amongst civil populace about safety.

HURLING OF PETROL BOMB ON POLICE REP

Safety concerns rise as Petrol bomb hurled at Police Party in busy market area

1. Unidentified individuals hurled a petrol bomb at a police rep in Chandkote, Hygam at Sopore on 26 Jun 2021. The bomb missed the target and exploded on the road. However, there was no casualty or injury in the said attack. The incident affected morale of civilians and created fear as well as uncertainty amongst civil populace.

These unfortunate events indicate the level of vindictiveness which these anti-national separatists harbor towards the armed forces for trying to mould the state into a peaceful paradise.

2. The petrol bomb or “Molotov cocktail” is an iconic symbol of 20th-century political violence. Simple, cheap and effective, it has become a staple feature of protest, riot and rebellion; a weapon of choice for the discontented masses.

SPO AND FAMILY SUCCUMB TO A FATAL ATTACK BY TERRORISTS

Three members of family die as terrorists barge house of Police Officer and kill all members including a 24 year old daughter

1. Two terrorists on Sunday night, 27 Jun 21 barged into the house of 46-year-old Fayaz Ahmad Bhat, who had been a Special Police Officer (SPO) with the Jammu and Kashmir Police. The gunmen fired at Fayaz and his 42-year old wife Raja Begum. When his 24-year-old daughter Rafiya Jan tried to plead with the assailants and shield Fayaz from the bullets, she too was fired upon.

2. Fayaz's daughter-in-law, 22-year-old Ruqiyah Jan, who is the lone eyewitness of the killings mentioned that the family members were arranging their bed and mattresses when they heard a loud thud at the main door of the house. Fayaz went to inquire about the noise. As soon as he opened the door, two armed men entered the house. One of them was in civilian clothes and the other one, who waited at the door, was disguised in army uniform.

3. As soon as the masked men entered the house, the family members feared the worst as many SPOs in the last few years had been victims to attacks by terrorists. Their fears came true when the armed men started to fire on Fayaz. "When they fired on Abuji, Mummy (Raja) and Ruqaya shielded him and were pleading for mercy but they fired on them as well," Ruqaya said and added that when she tried to intervene, an armed man kicked her and threatened to kill her as well. "I have had a Caesarean section only about a year ago and they kicked in my abdomen. I

am in searing pain. They threatened to kill me as well and yelled at me to leave. My one-year-old daughter has been terrified since yesterday," she said.

4. Fayaz's brother, Bashir Ahmad Bhat, who lives just 10 meters away from his brother's house, said he was on his mobile when he heard the sound of gunfire. "Initially I thought the sound came from far away. But, when I heard the sound of gunshots in repetition, I looked through the window and soon I heard cries coming from my brother's house," Bashir said.

5. Bashir entered his brother's house only to see three bodies lying on the floor in a pool of blood. "All three of them were lying there on the floor. Raja and Rafiya had surrounded Fayaz to protect him. While Fayaz died on the spot, his wife and daughter were taken to a nearby sub-district hospital in Bijbehara. Doctors at SDH Bijbehara shifted them to GMC Anantnag, where Raja Begum breathed her last.

6. Twenty-five-year-old Liyaqat Ahmad, a Territorial Army soldier posted in Pulwama district's Khrew area, was on duty when a relative called him and told about the attack on his father. Ruqaya said all of the three dead had bullet injuries. "Abuji was shot in the head. Ruqaya had sustained two bullet injuries, one in the chest and the other in the abdomen. The bullet had pierced her abdomen and came out from the other side, Ruqiyah said.

SUMMARY OF TERRORISTS HUMAN RIGHTS VIOLATIONS IN JUNE 2021

There have been nine terrorist initiated incidents in the Kashmir Valley in the month of June 2021.

(a) 05 Civilians suffered injuries during these attacks.

(b) 07 people lost their lives during these attacks including a municipal councillor.

(c) 05 Security forces personnel lost their lives and two were injured.

Incidents	Civ Deaths	Civ Injured	Police Personnel Death	SF Injured
09	08	11	05	02

- 02 Jun 21 - Mr Rakesh Pandita Municipal Councillor of Tral, Pulwama was killed in firing by three terrorists.

KASHMIR RIGHTS FORUM CUSTODIANS OF HUMAN RIGHTS IN KASHMIR

The Kashmir Rights Forum (KRF) is an informal, secular, apolitical and forward looking interactive platform highlighting human rights violations perpetuated against innocent Kashmiri population by terrorists either directly supported by separatists and their over ground workers or indirectly by sympathizers over last three decades as a result of proxywar initiated by Pakistan on our homeland.

KRF is dexterous, focused forum with overarching mission to mobilize expertise and public opinion to counter the organized attempt to violate human rights of common innocent Kashmiris of all generations by the nexus and tarnishing the image of government and security forces by certain section of media, intelligentsia and conflict entrepreneurs by flaring up allegations of human rights violations on them, thus diverting attention from the real perpetrators of these violations.

We, at KRF encourage response by likeminded or otherwise, people and organizations, on documents, articles & video content produced on multiple social media platforms by us to apprise all citizens of such violations. KRF will endeavor to expose the designs of the perpetrators by studying the past and present and producing the facts for public scrutiny as part of our research and highlight such events in present, earliest on occurrence.

A Review of Human Rights Violations in Kashmir for the month of July 2021

TERRORISTS ATTACK FAMILY OF POLICEMAN IN VERINAG KASHMIR

Wife and daughter of a policeman were injured in a terrorist attack on Tuesday evening in South Kashmir's Anantnag district

On Tuesday, 20 July 21 at around 9.30 am, armed terrorists barged inside the house of a policeman Sajad Ahmad Malik and opened fire, critically injuring the head constable's wife, Nahida, 38, and daughter Madiha, 16. The injured were shifted to nearby hospital. The incident occurred at Kokagund village Verinag when the police constable wasn't present at his house. Head Constable Malik is posted at the India Reserve Police's 15th Battalion in Jammu.

One feels the safest in the confines of their house, and attacks like these have a psychological impact not just on the persons attacked, but on the morale of the security force personnel deployed on duty.

Cowardly incidents of such nature being carried out on innocent, unarmed women, specially when the constable was not at home shows the desperation of terrorists to instill fear in the mind of gullible common Kashmiris.

“As per eye witnesses Mufti Altaf of Nathipira Dooru who is an active terrorist of Jaish-e-Mohammad terror outfit was identified as one of the attackers”

The aim of such attacks is to demoralise the security force personnel and instill a sense of fear and uncertainty among the locals.

The attack is not just going to have an impact on the policeman but has scarred the two members of the family for life.

Such incidents are proof of desperation of the terror outfits who are now targetting innocent civilians and trying to create chaos and fear in their minds.

25 YEAR OLD YOUTH LOSES HIS LIFE TO TERRORIST BULLETS IN SRINAGAR

On the morning of 27 July 21, at exactly 11.30 am, Sheikh Meeran Ali was shot dead by unknown assailants

outside his home in Bulbul lanker area of Nawa Kadal, leaving him in a pool of blood. He sustained grievous bullet injuries and was shifted to hospital for treatment, where he succumbed to his injuries.

Ali had earned himself a huge following not only on social media, where his Instagram page used to be inundated with praises but also in the old city of Srinagar. One Srinagar resident described him as a "fitness freak" who had participated and won prizes in local body building competitions. "Kids as young as eight and nine would visit the gym and ask him (Ali) for selfies. They wanted to be like him. They want to have a body like him," said Khalid Ali, who had trained the deceased for nearly five years.

Ali had recently appeared in a

music video released on YouTube by a major Indian music record label and film production company.

His second cameo is yet to be released. His career in India's multi-billion dollar entertainment industry was beginning to take off.

This year has witnessed multiple such incidents which indicate the desperation of terrorists and the misplaced ideology of the nexus about freedom. The killing makes no sense and it has enraged the youth and locals alike. The senseless act of violence has

people wondering what this so called fight for freedom called on by the terrorists is all for?

The people of Kashmir have paid a very heavy price not just with lives of near and dear ones due to mindless terrorism but also due to the economic slowdown that such acts cause.

A budding body builder, an instagram sensation and a inspiration to many with dreams of making a niche for himself, ruffled a few feathers, resulting in his dreams of a progressive and developing Kashmir brutally crushed by a few, who could not digest his popularity and dash to glory.

GRENADE ATTACK IN BARAMULLA, TWO CRPF PERSONNEL, CIVILIAN INJURED.

Three security force personnel sustained minor injuries in a grenade attack by militants in Baramulla

In yet another terrorist incident on 29 July 2021, two Central Reserve Police Force (CRPF) jawans and a policeman were injured in a grenade attack in Khanpora Bridge in North Kashmir Baramulla district of Jammu and Kashmir. The incident happened when terrorists hurled a grenade towards a joint team of CRPF and J&K Police. "The grenade

Terrorists lobbed grenade on security forces in crowded area midst of population near Khanpora bridge in Baramulla town resulting in injuries to police personnel and caused immense hardships to locals who had to shut down their shops due to such act of terror.

exploded injuring 2 CRPF troopers and policeman. All the injured have been shifted to hospital for treatment," police said.

Such reprehensible acts of mindless violence cause undue hardship to locals who are already burdened due to years of poor economic activity as also suffer heart breaks due to loss of lives by such acts.

There have been three terrorist initiated incidents in the Kashmir Valley in the month of July 2021.

- (a) 02 x Civilians suffered injuries during these attacks.
- (b) 01 x 25 year old youth lost his life.
- (c) 03 x Security forces personnel were injured.

Incidents	Civ Deaths	Civ Injured	Police / SF Death	Police / SF Injured
03	01	02	-	03

- 20 Jul 21 - Wife and daughter of a policeman Sajad Ahmad Malik, injured in a terrorist attack on Tuesday evening in South Kashmir's Anantnag district.
- 27 Jul 21 - A body builder and youth sensation, Sheikh Meeran Ali shot dead in Bulbul lanker area of Nawa Kadal, Srinagar.
- 29 Jul 21 - 1 x Policemen and 2 x CRPF personnel injured in grenade lobbing on joint party.

A Review of Human Rights Violations in Kashmir for the month of August 2021

TWO GRENADE ATTACKS ON SSB IN AN HOUR AT SRINAGAR

Two grenade attacks on Sashastra Seema Bal in an hour on 2nd anniversary of abrogation of article 370, in Bemina & Mehjoor Nagar area of Srinagar

On Thursday, 05 August 2021, two teams of Sashastra Seema Bal were attacked within a short span of an hour. The attack came directly on the second anniversary of abrogation of the contentious Article 370. Unidentified terrorists executed two back-to-back attacks directed toward SSB post on the same day at Bemina and Mehjoor Nagar areas of Srinagar. However, both grenades exploded outside narrowly missing the intended target.

On the same day, an explosion followed by a gunfire rattled the city's Nowhatta area, while in North Kashmir's Sopore, militants opened fire on a police party,

fortunately no casualties were suffered.

Such incidents affect the common Kashmiris who are disparately looking at peace of normally returning to the valley. While the locals in Kashmir crave for normalcy, these incidents meant to create internal disturbances has largely affected the life of a common citizen in the Valley. Credit goes to the security forces who shed blood to establish peace and normalcy in the region.

While attackers had in mind, nefarious designs to instill separatist woos in masses but people have rejected their extremist ideologies.

As the attack comes on the day symbolic of transformation for the development and progress of the state of Kashmir, the peace in the valley is disrupted in a frail attempt to lodge fear in the common people

COP KILLED, TWO OTHERS INJURED IN TERRORIST ATTACK IN KULGAM

**Killing of police cop in Kulgam is utter brutality,
scourge mindset of terrorist organizations**

In gross violation of human rights, terrorists have geared up their despicable activities in central and south Kashmir. From last few weeks, couple of these incidents continue to spread violence on streets and inside resting places by hurling grenades, firing indiscriminately thereby causing fear among the masses. In one such incident of terror, Nisar Ahmad Wagay lost his life and two other received major injuries. On Sunday, 7 August 2021, policeman Nisar Wagay was killed and two others injured while they came under the indiscriminate firing of the terrorists at a crossing in Kulgam district of Kashmir region. The martyred policeman were on their way back, after escorting former minister Abdul Majeed Pader to his residence. The terrorists found the police party at Damhal Hanjipora, opened fire, resulting in injuries to three cops." an official said. In the

attack, Nisar Ahmad Wagay lost his life, and two other personnel's were injured. They were immediately rushed to the nearby hospital for medical treatment. "The terrorists took the advantage of the local traffic jam and presence of a large number of people in the area. While they managed to escape the security forces exercised restraint to avoid collateral damage as the spot was crowded.

Lieutenant Governor Manoj Sinha condemned the attack in strong words; former Chief Minister Omar Abdullah of National Conference tweeted condemning the cowardly attack on the police party who were performing their duties. It is pertinent to mention that the month of August has seen a rise in attacks on police, signalling the frustration of terror heads over evolving peace post-August 5, 2019.

The valley witnesses another dastardly attack on men in uniform as the policemen are again targeted by the terrorists while carrying out their constitutional duties. A frivolous attempt to instill fear in the common population of Kashmir.

GRENADE ATTACK IN DISTRICT RAMBAN, TWO INJURED

Terrorists design grenade attack in Ramban, two people injured

Two people including a teenage boy received splinter injuries. Friday, 7 August 2021 at 11.15 pm, unknown terrorists lobbed a grenade and fled from the site. In the explosion, two people, including a teenage boy received injuries- identified as Gopal Sharma, 35, of Udampur and Mohammad Aquib, 16, of Mangit-Khari. Both injured were shifted to the nearby hospital where their condition is stated to be stable. The blast occurred between MG Company office and workers accommodation site. These attackers aim at maintaining the environment of fear to perpetuate the terrorism related activities, by pleasing their masters controlling

them from other side of the border. The money they receive is utilised to intimidate people, hinder the already lagging development process in Jammu and Kashmir.

It's pertinent to mention that M G Company is constructing Banihal bypass, a portion of the four-lane Jammu-Srinagar highway project. The Banihal bypass is aimed towards providing round the year connectivity to the Valley. Such incidents and deliberate attempts by terrorists and their mentors across the border have been made to step up violence and create impediments in the developmental process in the UT.

A terrorist grenade attack targeted at MG company involved in construction of Banihal bypass is an attempt at hindering development on the state.

10 INNOCENTS INJURED IN GRENADE ATTACK IN SRINAGAR.

A planned attack ahead of independence day injures 10 innocent Kashmiris

On Tuesday, 10 August 2021 five days ahead of Independence day, terrorists targeted security forces in which ten civilians were injured, including two women at Hari Singh High Street near Amira Kadal of Srinagar district. The attack was carried at around 2:40 pm, by a terrorist who hurled the grenade at a SSB bunker. As soon as the grenade exploded, chaotic atmosphere set into motion, sending the locals into a state of rush and fear from all sides.

List of the injured civilians as per the preliminary identification:-

1. Tariq Ahmad, S/o Mohd Shafi, R/O Burzahama, Srinagar
2. Suhail Ahmad Dar, S/o Farooq Ahmad Dar R/O Chadoora, Budgam
3. Rangan Singh, S/o Janak Singh, R/O District Ramban
4. Zulaikha, W/o Mohd Hafeez, R/o Kargil
5. Aparna, W/o Ranjit Bera, R/o Kolkata
6. Owais Ahmad, S/o Gulam Mohd Laway, R/o Chanapora Srinagar
7. Abdul Gani Shah, S/o Abdul Ahad, R/o Seel Beeru, Srinagar
8. Gulzar Ahmad Ganai, S/o Gulam Mohd, R/o Ajas Bandipora
9. Mushtaq Ahmad, R/o Khumani Chowk Bemina, Srinagar.
10. Firdous Ahmad Kota, S/o Gh Ahmad Kota R/o Bemina Srinagar.

Consequently another black day with the espousal of human rights violation incurring fear and fret in lines of masses hurdling their normal routine. The grenade attack was aimed at reducing the spirits of people who believed that normalcy had returned in the UT by lobbing a grenade in the commercial hub,

indicates that terrorists are dejected with the ongoing economic activities in the valley.

This was the second attack in a single day. The miscreant's hound nearby gatherings to push fear and anxiety among people, so that normalcy remains a dream only.

A grenade attack by terrorists on innocent population in a commercial hub regardless of safety of women, children and elderly, creating environment of fear and anxiety among Kashmiris.

DISTT PRESIDENT POLITICAL PARTY AND HIS WIFE FROM KULGAM SHOT DEAD IN ANANTNAG.

Elderly distt president, BJP, Kulgam along with his wife shot dead at Anantnag

Armed terrorists barged into residence of Ghulam Rasool Dar and his wife Jawhara Banoo On 9 August 2021, and massacred the elderly couple in cold blood. Ghulam Rasool had earlier finished offering his obligatory prayers. He took a cold shower after waking from the bed, toggged up with customary clothes, clad a half overcoat. While her wife Jawhara wore a

light creamy dress and wrapped a matching dupatta around her head; sat fingers crossed taking a sigh of relief as they were resting in their lovely home and waiting for yet another day in the Vally. The couple were known to be helpful toward needy and miseries of people, and offered a helping hand to the unemployed neighbours. Rasool was a kind of person

A case of subjugation of democracy and elimination of alternate leadership in kashmir by direct and cowardly attack by terrorists on elderly couple, who dedicated their lives to the cause of people.

that made him different from the rest of the people living in the area, his primary focus remained to bring about change in society and accordingly labored hard for it. As the sun grew hotter, and Jawhara went out to buy a cold drink, she walked mildly, came back and both Gh Rasool and Jawhara Begum sipped half-chilled Dew. As soon as the drink chilled their throats, two terrorists

barged inside their premises of Redwani Bala, hastened to make way into the room. Gh Rasool and Jawhara rushed to see what was happening outside but Alas! merciless bullets pierced their chests, and both fell flat on the red matting, their oozing blood flowed down the floor and soaked the mats and rugs beneath. The couple was shot dead at their residence in Anantnag town of South Kashmir. Dar, a resident of Redwani Kulgam, was affiliated with Bharatiya Janta Party. He had successfully contested the last year's District Development Council elections and held the post of District president for BJP's Kisan Morcha. According to police, Dar and his wife were staying in rooms provided by the government authorities. "They were provided with a secure accommodation at Snow Cap Hotel Kulgam and both stayed there for some time. However after spending few month They had insisted on returning back to the village and had accodingly submitted an undertaking as well. LG Manoj Sinha tweeted and expressed his grief in harsh words, "This is an act of cowardice and perpetrators

of violence will be brought to justice very soon." Former chief minister Omar Abdullah also sent a condolence message while taking to his twitter handle and so did Mehbooba Mufti- the last chief minister of erstwhile state of Jammu and Kashmir. The deserted home, open dew bottle & steel glass bear witness of the martyrdom. Till the last breath the couple lived by

the faith in constitution of the motherland. This act of cowardice by terrorists has been widely condemned by the locals. Terrorists can't kill the ray of constitutional supremacy that lie in heart of every Kashmiri citizen'said one of the local village. Such tragic incidents instill fear in minds of people and affect their lives by propagation of uncertainty and concerns for safety. ■

Another ineffective terror attack aimed at disturbing peace and harmony

Saturday, 28 August 2021, terrorists lobbed a grenade towards Central Reserve Police Force (CRPF) bunker in the Safa Kadal area of Srinagar, fortunately, no loss of life was reported during the incident of terror. The grenade was thrown towards the CRPF's 161 BN personnel of the Safa Kadal area. Though there was no physical damage reported in the incident. It's a bad impression on society as free movement of people is halted, shopkeepers can't earn their

livelihood, and the repercussions come as huge debt to them. One wonders how these terrorists kill and assassinate the locals including security forces at the behest of pressure from masters, by losing their lives too, without having any concern for their own families and children. Such attacks have adversely affected all important sources of livelihood of local population with many traders forced to shift the business from Kashmir to other parts of the country. ■

A feeble and cowardly attempt which directly violates human right of people by restricting free movements, inducing fear and affecting livelihood.

GRENADE ATTACK ON POLITICAL LEADERS HOUSE IN RAJOURI

Vir Singh- two year old baby slept hungry, three grenades took him away

A three-year-old baby of Balbir Singh slept hungry, mother had gone to make chips for him, soon three grenades were lobbed and Veer went into eternal sleep. How a child would have felt when grenade splinter pierced his body, it tears the heart apart. The screams of his mother will always haunt the bloody terrorists, who took away the life of an toddler, in retribution. Terrorism has no religion. Her aunt cried and said, "Justice to my

Targeting families by terrorists is a direct reflection of their mentality, unjust behaviour and ideology. Killing of unarmed, innocent, harmless, children and women is what the terrorist ideologies can give us.

brother, to my family. If these were traitorous men, why would they strike a Three year old boy? What was the enmity with a Three-year-old child." The grenades were lobbed inside house at 12 night on Thursday, 14 August 2021.

Veer was among the six injured family members, identified as BJP Mandal President Rajouri Jasbir Singh, his brother Balbir Singh, father Romesh Singh, mother Sia Devi and nephews Arjun Singh and Karan

Singh. Veer singh unfortunately succumbed to injuries at Governemnt Hospital Rajouri around midnight. In a single day two separate terror incidents took place; first a minor succumbed to injuries, while five other family members sustained serious wounds as they received splinters. Terrorists left the family with deep scars and moans. Some hundred incidents of synonymous effects aren't any afresh to the region, as the prime intent remains to terrorize the innocent population of the Vally.

The terror attacks save peaked, from targeting the BJP leaders in particular to alternate leadership in general. Targeting families is cowardly act of Pakistan's terror spreaders, undermining the Human

Rights of the people. The acts of violence took away the star of the family in an instantaneous time, Such imprints terrify generations, and hatred remains passing. The innocent population of the Vally have now starled realising the ulterios motiveof the militants.

The BJP strongly condemned the attack and appaled to the polce to immediately arrest those responsible. Terming the incident an act of cowardice, J&K BJP chief Ravinder Raina said terror attacks on BJP leaders were being orchestrated by pakistan. The main endeavour of the terrorists nexus has always been to cause maximun harm and locs to common kashmiris not adhering to their, ideology. The inflict regardless of its rationale, community members, mainly women, children & elderly people become targets who have suffered disproportionality from the violence due to their Vulnerability.

However, no other party reacted to the terror incident in BJP leader's house, indicating their hypocrisy against the party and in grenade their response against not condemning Such acts of violation of basic human rights of the common citizens of the Vally.

MILITANTS FIRED AT BSF CONVOY IN J&K'S KULGAM; ONE CRPF JAWAN INJURED

CRPF Jawan, two civilians injured in a terrorist attack on BSF convoy

Thursday, 12 August 2021, three persons were wounded in a terrorist attack while suspected gunmen fired upon a BSF convoy in Kulgam. The firing incident took place on Jammu-Srinagar national highway at Malpora in the Qazigund area of Kulgam. Initially, there were no injuries but once the terrorists were surrounded by the forces, they went berserk and fired

indiscriminately. The attack in the middle of the road depicts, terror outfits funded by PAK meant to perpetuate their nasty designs through attacks on people and the security forces. While their ulterior aim is to dent the development & peace process in UT, however the resolve of the UT administration & security forces remain far from being dented.

Indiscriminate firing by terrorists in crowded areas with complete disregard to safety of citizens. Case of clear human rights violation of public.

1 CRPF JAWAN, 2 CIVILIANS INJURED IN SEPARATE GRENADE ATTACKS IN J&K

A CRPF jawan receives splinter injuries at Langate, Handwara and two civilians injured in Azadganj, Baramulla

On August 16, 2021, a CRPF jawan received splinters as the terrorists hurled a grenade at security forces in Langate area of North Kashmir's Handwara area. The grenade was lobbed at E-07 CRPF. Meanwhile, in another incident, two civilians were also injured and a vehicle damaged after unknown persons lobbed grenade in the Azadganj area of Baramulla district. This way the toll to cause inconvenience to the public as well as security forces have increased double folded in last couple of weeks. pushed by terror sponsors, who can't bear the normalcy in situations in valley side.

An act by terrorists with complete disregard to safety of common public. A grenade is a weapon, which causes damage in crowded areas to all bystanders and indicates intention of perpetuation in terrorizing public.

Just a day after the 15th of August, filthy terrorists resumed violating human rights, women suppression and propagation of fear to walk on roads is increasing day by day. Children and women seem to be at major risk, as neither can save themselves, nor their weak hearts can bear the pain of losing their loved ones. There has been systematic degradation of the entire peaceful ecosystem that forms the basis of civil society in Kashmir. This has neither been talked about nor does it figure prominently in any made up discourse that has been dissembled in last thirty years.

TWO POLICEMEN INJURED IN GRENADE ATTACK AT SAFA KADAL SRINAGAR

Two Jawans suffer chest injuries as Policemen face yet another attack

On Thursday, 19 Aug 2021, in an attempt to assault the police naka party, two police personnel received splinters in Saraf Kadal area of Central Kashmir's Srinagar District. The CRPF 23 BN Naka party included both CRPF jawans as well as JKP personnel. "The policemen Javid Ahmad and Abdul Majeed have suffered chest injuries." Police sources said. Following the attack, both wounded were rushed to the nearby hospital. In the recent times there has been a

increase in the terrorists attack against police persons who are toiling hard for maintaining peace and tranquility in the region.

The security forces bear another grenade attack in crowded areas and ensure maximum restraint to avoid danger to common population. A total opposite behaviour displayed by the terrorists.

Our forces are hardbound to end the tail of terrorism soon from all corners of society . The nefarious designs of terrorists to downcast the morale of forces and commit HR violations needs to be protested against by the citizens Kashmir.

GRENADE LOBBED AT CRPF CAMP IN SRINAGAR, NO INJURY REPORTED

An ineffective attempt to disrupt peace and cause harm to security forces

On Tuesday, 24 August 2021, in a bid to attack the picket of Central Reserve Police Force (CRPF) a grenade was hurled towards CRPF 23 Battalion at Mujahid Manzil in the Zainakadal area of Central Kashmir's Srinagar District. However the grenade didn't cause any harm to anyone, no loss of life or property was reported. These tactics have become a new normal in Kashmir now, since terrorists are now gearing up their activities in wake of calls given by their masters in

Lobbing a grenade is a cheaper method for terrorists to safeguard themselves after attack. However a costlier one for the common population living their normal lives.

Pakistan. The heavy loss of lives, violation of basic human rights has risen since the last few weeks. A lot of repercussions blow up due to incidents in and around the valley, destabilizing the normal routine of people by placing every possible deadlock in normalcy.

A collective condemnation has come from all the political leaders and so is the way to go through these downgrade tactics being played to loose the wealth and health of people and the country.

SUMMARY OF HUMAN RIGHTS VIOLATIONS BY TERRORISTS IN AUGUST 2021

There have been Eleven terrorists human rights violations in Kashmir valley in the month of Aug 2021.

- (a) 03 civilians and 01 Police/SF personnel lost their lives in terrorist violence in the month of Aug 21.
 (b) 17 civilians and 04 Police/SF personnel suffered injuries during these attacks.

Incidents	Civ Deaths	Civ Injured	Police / SF Death	Police / SF Injured
11	03	17	01	04

- 05 Aug 2021 - Shashtra Seema Bal was targeted on second abrogation anniversary of Article 370 at Bemina & Mehjoor Nagar area of Srinagar.
- 07 Aug 2021 - Indiscriminate firing by terrorists in Kulgam killed a cop & injured two others. Targeting of J&K police is an indication of frustration by the inimical elements.
- 07 Aug 2021 - Unknown terrorists lobbed grenade in front of premises of MG Construction Company involved in Banihal Bypass construction, injuring two civilians.
- 09 Aug 2021 - Attacking alternate leadership in J&K continues. Another BJP vice president Gulam Rasool Dar was shot dead along with his wife Jawhara Banoo by terrorists in Kulgam.
- 10 Aug 2021 - Terrorists targeted security forces ahead of independence day, lobbed grenade while missing the target & injuring 10 innocent civilians including two women at Hari Singh High street near Amira Kadal of Srinagar District.
- 12 Aug 2021 - Terrorists fired indiscriminately at BSF convoy in the middle of the road at Qauigund, Kulgam injuring four civilians.
- 14 Aug 2021 - Another terrorist attack on alternate leadership. BJP leader Mandal President, Rajouri, Jasbir Singh's house was lobbed with three grenades which took the life of

his infant son and desperate attempt to disrupt peace in Rajouri.

- 16 Aug 2021 - Terrorists lobbed grenade at CRPF in Langate area of North Kashmir's Handwara area, injuring two civilians & a CRPF Jawan, an indication of frustration of terrorists after peaceful & incident free Independence Day celebration in the state.
- 19 Aug 2021 - J&K police targeted again by terrorist in Safa Kadal area of central Kashmir's Srinagar District by lobbing grenade thereby injuring two Cops. Recent rise of attack on J&K police is an indication of frustration of terrorist's tanzems.
- 24 Aug 2021 - CRPF targeted again. Grenade lobbed at Zaina Kadal area in old city, Srinagar by the terrorists. Reflection of continuous efforts to disrupt peace & normalcy.

MONTHLY BULLETIN

www.kashmirrightsforum.in

KASHMIR RIGHTS FORUM CUSTODIANS OF HUMAN RIGHTS IN KASHMIR

The Kashmir Rights Forum (KRF) is an informal, secular, apolitical and forward looking interactive platform highlighting human rights violations perpetuated against innocent Kashmiri population by terrorists either directly supported by separatists and their over ground workers or indirectly by sympathizers over last three decades as a result of proxywar initiated by Pakistan on our homeland.

KRF is dexterous, focused forum with overarching mission to mobilize expertise and public opinion to counter the organized attempt to violate human rights of common innocent Kashmiris of all generations by the nexus and tarnishing the image of government and security forces by certain section of media, intelligentsia and conflict entrepreneurs by flaring up allegations of human rights violations on them, thus diverting attention from the real perpetrators of these violations.

We, at KRF encourage response by likeminded or otherwise, people and organizations, on documents, articles & video content produced on multiple social media platforms by us to apprise all citizens of such violations. KRF will endeavor to expose the designs of the perpetrators by studying the past and present and producing the facts for public scrutiny as part of our research and highlight such events in present, earliest on occurrence.

A Review of Human Rights Violations in Kashmir for the month of SEPTEMBER 2021

TERRORIST SHOOT DOWN A PROBATIONARY POLICE OFFICER IN SRINAGAR. THE INCIDENT CAUGHT ON CAMERA

12 September, in a deplorable act of violence, Jammu Kashmir Police Sub-Inspector Arshid Ahmad was brutally shot dead by armed terrorist in heart of the summer capital Srinagar. He was shot from point-blank range in Srinagar's Khanyar area at 1.35 pm on Sunday. The slain police officer belonged to Kulmoona village of North Kashmir's Kupwara and was on probation at Khanyar.

The terrorists shot at the officer from behind, while he came down from the mart. In a video caught on CCTV, terrorists can be seen shooting at the officer. Earlier a CID inspector was killed in a similar fashion, while he was on his way to offer Friday prayers. Fallen to the ground, battling with bullet wounds, he was immediately shifted to a tertiary care hospital, where he succumbed to injuries. This cruel attack brought mayhem to the whole locality of the slain police officer, according

to them; Arshid was a naive, who used to greet every passerby. The said terrible act of mindlessness won't take anyone to the end, but for sure will destroy peace in Kashmir. Eyes fail to connect the gaze on such loathful terrorist exercises, where stone-heartedness subsists and human rights are violated like dealing with the cattle, This animal culture instigated by Pakistan has subverted the economic condition of the valley, and the overall peaceful environment, which had once again returned in the region.

These dastardly attacks spread fear among the general public, whose movement is largely curtailed and hampered. Meanwhile the aim and objective behind such onslaughts are lowering the confidence of security forces viz-a-viz destabilization in the valley. KRF sturdily condemns the heart-wrenching bloodbath of an innocent police officer.

Arshid aimed at serving his people by cracking KAS. His generosity and sincerity were often discussed in the village gatherings. Instigators of violence have stolen the happiness of his family.

AS A DECEITFUL MOVE, TERRORISTS NOW USE WOMEN AS ARMS CARRIER

On Wednesday, 08 September 2021, in an unprecedented move from the Bandipora district of North Kashmir, a woman carrying ammunition was apprehended by security forces during a routine check up. It seems that terrorists now utilize unique ways for safe carriage of their arms and ammunition to distinct places, exploiting benefits from lenience afforded to women by the law. According to police, the woman was working as an over ground worker (OGW) and had been carrying such explosives earlier as well. Preliminary enquiry reveals, the woman admitted to working for the outfit as an over ground worker. Many anti-national posters were also recovered from her custody. It is to be noted, why

A new tactic employed by terrorists for safe carriage of arms and ammunition is in place. Terrorism has no gender, it's an ideology

a woman would be doing so? And the answer lies in the fact that radicalization by motivating her to wrongful way paved this. By intimidation can be another option readily available to the terrorists. By introducing such new concepts and tactics of using women, the terrorists have now started to transport explosives for triggering IED blasts thereby disturbing the peaceful ecosystem of valley. If only people will show a helping hand to the authorities many lives can be saved from killing and hundreds of homes will not lose their sons and fathers. It hence becomes duty of citizens to favour their security agencies in order to bring back the normalcy to the region.

GRENADE ATTACK IN CHANAPORA, CRPF MAN, LADY INJURED

On 10 September, Terrorists lobbed a grenade in the Chanapora area of Central Kashmir's Srinagar district. A paramilitary trooper of the Central Reserve Police Force and a civilian lady were injured in the dastardly attack. The Chanapora area is located in the Central Kashmir Region and is situated at the bank of Doodh Ganga. The grenade attack came after few days of pause. Inflicting pain and spill of fear is the main aim behind the explosion in public places. The halt in free movement of people, buying their commodities; going to offices and coming back home highlights the real intent of

terrorists, who have been resisting the increasing normalcy in the valley. The curtailment in freedom of people is a violation of basic fundamental rights, enshrined in constitution of every democratic republic. Unfortunately in Kashmir the issue is

The wide range of sufferings, infliction of pain and spread of fear are the basic aims behind explosions in public places. Curtailment of freedom adds another nail to the coffin and violates fundamental right of people.

reverse, and such incidents increase the ever prevalent panic in the society. The hate speeches from terror heads add fuel to the fire pots, which restrict locals to raise their voices against them. The lady who was injured, had came to buy basic commodities for her daily use. KRF sends a harsh condemnation message following the attack.

HALF A DOZEN GRENADES SPOTTED OUTSIDE THE QAT BUNKER IN BEMINA DIFFUSED

On Monday, a big tragedy was averted by security forces when six grenades piled together were found on the busy Parimpora-Pantha Chowk axis in Srinagar. The six Chinese grenades were recovered from a sandbag placed on the divider of the busy road. The grenades were detected in the morning during the road opening exercise along the National Highway 44 by ever alert troopers of the 73 BN. It must be noted that a big tragedy had been thwarted which would have set panic in the region. Trafficking of such explosives is a heinous crime, which once triggered would create blood both in the valley as witnessed in past. The scars left after a blast remain etched in the memories of innocent citizens of Kashmir. None can calculate the intensity of fear that sets in to motion and

concurrently destabilizes the prosperity of the region.

Terrorists show zero concern for human rights. If they were to be fighting for the rights of Kashmir citizens, why this then dastardly approach towards the locals. The

dance of death is not just confined to government property but includes all vehicles and public property created out of the local tax payers' money. Shops remain shut; none cares if anyone sleeps hungry.

Earlier, there was a downtrend in terror incidents for some time, but now the cases are rising again disturbing the peaceful serene environment of the valley. KRF condemns the dumping of explosives that take innocent lives and destabilizes the peaceful ecosystem of the valley.

The trafficking of explosives triggers the propagation of suspicion in masses. The post effects of attacks, the scars left in memories remain revolving in minds of people and spray salt over the wounds.

GRENADE LOBBED TOWARDS SOG CAMP IN CHADWORA, FAILS TO EXPLODE

Suspected terrorists on Tuesday, 14 September 2021, at late evening hurled a grenade towards SOG camp in Mochwa area of Central Kashmir's Budgam district. However, the grenade failed to explode. Notably, it was the second attack in a single day. In the first attack, security forces were targeted on the national highway, in which, four civilian pedestrians got splinters and were rushed to the hospital. The terrorists came closer to the fence lobbed the grenade and ran

Security forces have been the chief target of terrorists in past and continue to be in present as well. Pedestrians are next in line.

away quickly. A rise in assaults on security forces have been witnessed in past few months. Numerous such incidents however have been thwarted by alert forces. From central Kashmir to south Kashmir including north Kashmir as well, the reports witness alarming occurrences, wherein more damage is caused to innocent, civilians and poor street vendors. KRF condemns the wild incidents pushed by sponsors of terrorism.

THREE CIVILIANS INJURED IN PULWAMA GRENADE ATTACK

On Tuesday, 14 September 2021 afternoon, terrorists hurled a grenade on security forces in Rajpora area of south Kashmir's Pulwama. Armed terrorists lobbed a grenade while riding over the highway, leaving three civilians wounded. Reckless terrorists find solace in violation of the human rights of the common masses. It's a mockery with the lives of people whose movement get curtailed due to witnessing these tragedies on daily basis. The dead-end on way for terrorists is death only, as their manipulative roles have distorted the growth in all sectors Kashmir. The issue of rising unemployment is directly related to terrorism in the valley, as tourist activity is halted, the people whose

economies are associated with them get unemployed automatically. The investment may come here only if normalcy shows a smiling face, but the paradox is terrorism is sponsored as if on monthly basis. Hence leaving no stone unturned in disgruntlement of overall security scenario, shaking the environment of

Human rights violations are now common in the valley. In double numbers civilians receive injuries, barring free movement of people.

prosperity. Though security forces are paving their valuable lives for the restoration of peace and thwarting each pinnacle of terrorism, conflict is far more rooted in lines than one can imagine. KRF issues a strong condemnation for attacking security forces, whose role is pivotal in restoration of peace, with their support only, Kashmir can be paradise again.

1 KILLED, 5 OF A FAMILY INJURED IN HANDWARA MYSTERIOUS BLAST

In a mysterious blast, a girl lost life and five other members of the same family received wounds after a blast happened in their residential house at Tarathpora area of Handwara, in north Kashmir's Kupwara district on Thursday, 17 Sep 2021. The deceased has been identified as Shabnam Bano, 17. The other five injured members of the same family were rushed to District Hospital Handwara and are under treatment. The condition of two of the injured is stated to be critical. A police official said that initial investigation suggests that

the blast occurred in scrap material. The blast likely have occurred in some scrap material. The explosion

occurred due to some explosive material. There are cases where families have been attacked by terrorists unusually. Apart from directly pointing gun towards the families who do support the terror outfits . This could be a distinct way of punishing a family acting in a nationalist line. Our hearts go out to support them, in the worst of their time. KRF condemns the attack on a naive family who lost a girl and suffered wounds to all family members. ■

Minor Girl Killed, 5 Other Family Members Injured In Mysterious Blast In Handwara

A part from directly pointing guns towards the families, terrorists employ many new techniques to make people suffer and instil intimidation

COP SHOT DEAD IN A TERRORIST ATTACK IN KULGAM

Friday, September 17, in yet another attack by armed terrorists shot dead, a railway police cop in Wanpoh area of South Kashmir's Kulgam district on Friday. Terrorists indiscriminately fired upon a railway constable identified as Bantu Sharma son of Nathji near Shamford School. Meanwhile, he was immediately shifted to a nearby hospital in critical condition, where doctors declared him brought dead. Hostile environment created by Pak sponsored terrorism has now engulfed thousands of humans while performing their routine duties, and on

Pak sponsored terrorism has engulfed thousands of humans. And on the top neither spared a civilian nor a man in uniform.

top of it no one is spared including government officials performing sedentary policing duties. It's deadly worrying on behalf of human rights, continually being infringed. Curb in free movement is another serious problem that needs to be addressed by the UT government as terrorists takes away the prosperity of the region day by day.

A play is on toes concerning human rights in the mainland of Jammu and Kashmir. There is a shift in terrorism-related activities, more security concerns for Kashmiris now. The bagged scars for situation in Kashmir would be rewarded to Pakistan for playing a down game with Kashmiris, never wanting Srinagar

to be a place once called Kashmir- the paradise on earth. KRF condemns the attack on the innocent railway personnel, who lost life by bullets of terrorists.

07 TERRORISTS NEUTRALIZED, ONE DERAILED

TEENAGER MANIPULATED BY TERRORISTS APPREHENDED

19, son of late Mohammad Lateef resident of Punjab Pakistan. He admitted to be a member of LeT, trained by the same outfit. He had taken 3 weeks course at Khyber camp Muzaffarabad in 2019. After completing his training, he was sent home and recalled for important tasks this year. One task given to him by the terror handlers was to drop a supply in area of Pattan, but looking at the recoveries and modus operandi, it was quite possible that

this infiltrating group had come for some kind of strike which went beyond just dropping supply.

Five of these neutralizations have come along the LoC. The major recoveries in two operations on LoC are 7 Ak series rifles, 9 pistols and revolvers and 80 grenades of various kinds along with Indian and Pakistan currencies.

It isn't hidden that Pakistan is staging a multi-thread war against India, finds solace in worsening the situation for neighbouring countries. Kashmir valley, a place of saints has been turned into a hinterland by terror financing. Terrorists violate human rights each day, no day goes off without harm to the civilian population in the valley.

Currently, 58 non-state armed groups in 15 countries are recruiting and using children. Meanwhile, using a teenager for their ill motives is a harsh violation of human rights; it blatantly goes against the right to education, right to live and right to

freedom. KRF strictly condemns infringement and manipulation of basic human rights of teenagers by terror organizations, which loot and plunder careers of youth by diverting them into wrong goals.

Last week has shown a steep rise in infiltration, seven terrorists were killed in last one week, five of them at Line of Control. A 19-year-old terrorist was apprehended by army after he pleaded for surrender. The security forces exercised restraint and gracefully accepted the surrender offering apprehended terrorist food clothing and other comfort. Seemingly, there is a huge movement on terror launch pads close to LoC, desperation lies on part of Islamabad to send in terrorists to disrupt peace and normalcy in the valley. They as customary of their habits aim at carrying some kind of "sensational strike" in Kashmir. The ever alert Indian once again thwarted Pak attempt on 18 of September night when the patrol along the Line of Control detected an infiltration movement, which resulted in a fire fight. The infiltration group was of six persons. According to the army: "When the encounter started, two of the infiltrators had come across the fence while four were on the other side. These four (terrorists) who were on the Pakistani side, they took advantage of the dense foliage and darkness." Upon investigation apprehended terrorist made some 'revelations'. The terrorist, identified as Ali Baba Batra,

Youngsters are the prime concern of Pakistan's infamous ISI, derailing youth on the path of radicalism while conceptualizing them with the dreams of the Jannat.

AFTER KILLING OF THE COP, NOW A NON-LOCAL LABOURER ASSASSINATED IN KULGAM

On Friday, 17 September, a railway cop was martyred and a non-local labourer assassinated in two separate terrorist attacks in South Kashmir's Kulgam district. Terrorists indiscriminately opened fire on a cop and critically wounded a police constable near Shamford School in Kulgam district this evening. The injured police constable was shifted to the hospital. However, he succumbed to injuries on

the way. The martyr cop was identified as Bantu Sharma, son of Trilokinath Sharma resident of Wanpoh who was working as a Follower in J&K Police. Inspector-General of Police, Vijay Kumar, said that after the killing of top commanders, terrorists were frustrated and resorting to targeting unarmed persons. "Terrorists and their handlers in Pakistan are frustrated with the recent elimination of top cards of

terrorists and peaceful environment even after the death of separatist leader SAS Geelani. That's why terrorists have killed one unarmed policeman (PSI) recently and one unarmed policeman &

The dance of terrorism has slashed the smiles of a million faces. Several families have lost the lone bread earners.

one innocent labourer today in Kulgam district", he said. The notorious Resistance Front (TRF) claimed responsibility for both attacks. They read in the message that the labourer was targeted for being a collaborator of security forces. The majority of leaders including former Chief Ministers of J&K condemned the killing of the policeman and expressed condolences to the bereaved family. "I unequivocally condemn the terrorist attack in Kulgam district of South Kashmir. My heartfelt condolences to the family & colleagues of Constable Bantoo Sharma of Railway Protection Force who was killed in the line of duty earlier this evening.

May his soul rest in peace" tweeted Omar Abdullah. PDP chief Mehbooba Mufti also tweeted: "Very sorry to hear about the attack in Kulgam today that claimed yet another innocent life. Deepest condolences & prayers with Bantoo Sharma ji's family. May his soul rest in peace."

Peoples Conference chief Sajad Lone also took to

twitter handle, "Strongly condemn the killing of a policeman in Kulgam. May Almighty grant eternal peace to the departed soul patience to the family of Bantoo Sharma. And May the killers

rot in hell." Terrorists also shot dead a innocent labourer from Bihar, at Nehama area of Kulgam district. Police said that a non-J&K labourer was shot at by armed terrorists at around 8:25 pm at the Nehama area. The slain was identified as Shankar Choudhary, a resident of Bihar.

After the death of SAS Geelani, terrorists now seen puzzled and are triaging to propagate fear among masses, to perpetuate their nefarious goals, One killing of non-local will spill fear and suspicion in the whole non-local community working in the valley, as focus on them had been set by the terror outfits. The general public is merely a spectator while daily spill of blood is now a new normal, the public should take strong note of civilian casualties and hurdle in their movement, none is spared whether it be a toddler or an adolescent. KRF in harsh words condemn the attack carried by TRF to spill fear and backlash the economic prosperity in the valley.

1. There have been seven terrorist human rights violation in Kashmir valley in the month of Sep 2021.
 - (A) 05 civilians and 01 SF suffered injuries during these attacks.
 - (B) 01 civilians and 01 SF personnel lost the life in terrorist initiated incidents in the month of Sep 21.

YOUNG MAJID- A STRONG BELIEVER OF DEMOCRACY KILLED IN SRINAGAR

On Saturday Oct 2, an innocent Kashmiri was shot dead by terrorists in the Karan Nagar area of Srinagar. The civilian identified as Majid Ahmad Gojri, a resident of Galwanteng, Chattabal, Srinagar, was targeted from a very close range. The slain had been targeted with three bullets on the chest and one on his face. Terrorists had earlier on as well attacked several unarmed and innocent citizens of the valley floor which has impacted the life of a common Kashmiri citizen. Terrorists in a new strategy selectively target the citizens who dare to speak their mind, hold a strong nationalist belief and barrier the anti-national elements.

Now with emergence of security beef up, terrorists have also shifted their gears to navigate in crowded markets, wherein they target innocent

population to perpetuate their role and create a situation of uncertainty. The killing of Majid Gojri implies harsh reaction of the terror outfit- TRF for an important role he played in the society. He had chosen to come out from the side of silent majority section into a faction that raises their voice against atrocities perpetuated by the terrorists from time to time. A responsible rights holder of the Kashmiri

Terrorists in a new strategy selectively target the citizens who dare to speak their mind, hold a strong nationalist belief and barrier the anti-national elements. To hide the atrocities the prime targets include potential youth having reach and connectivity with the masses.

society, Majid was active in nation building activities, for the prejudice of which terrorists eliminated him. The intent of these terror outfits deem unfair as killing of an innocent Kashmiri is bare-terrorism in name of Jihaad, to gain wide public outreach but certainly Kashmiris have comprehended the reality and are ardent to falsify the wrong teachings in name of Islam. ■

SRINAGAR CITY LOSES PDD EMPLOYEE, MOHAMMAD SHAFI TO BULLETS OF TERRORISTS

On the same day of Oct 2nd, in evening another Kashmiri civilian Mohammad Shafi Dar, 45 was target killed by armed terrorists in heart of Srinagar city. The two separate attacks in the same day followed by a grenade attack on CRPF bunker raise eyebrows over operationalization of the offshoots of the parent LeT in targeting the innocent Kashmiris. The terrorists are spreading their OGW nexus in the valley to extend their ground after various eliminations in the recent past by alert security forces. As though panches, sarpanches, and youth leaders are always under scanner of the outfits, but the alertness from forces have squeezed their space for direct outreach and common attackings. Now the ways for them to attack have been lowered but taking benefit from crowd, the public gatherings terrorists in civilian attire frisk in and mint their illicit designs by soft targetings, with the help of small fire arms. Consecutive attacks give more evidence of fear spill which at root level is aimed at narrowing the space

The congruence in the attacks on civilians have narrowed the space that ensured the opinion sharing few years back. Brave hearts are gunned down brutally on roads, near houses, intensely in public places, maintaining the highest level of fear among masses to disturb the relationship with security forces.

for loud voices of the respective areas. This in turn hampers the developmental process due to which hopelessness has significantly rose up. Also the prosperity among masses gets hard hit that leads to slow process of radicalization. The process keeps on toling in undue manner which at some instant come out as an outrage against elected government formation, thus in a steady way terror organizations intrude into our lives and disrupt the normalcy and peace completely. The congruence in the attacks on civilians have burnt the space that ensured the opinion sharing few years aback. Brave hearts are gunned down brutally on roads, near houses intensely in public places maintaining the highest level of fear among masses to disturb the relationship with security forces. Hence a gap has cleft in between commoners and saviours of nation not due to any animosity but due prevailing situation created by off-shoots of Pak-sponsored agencies.

TERRORISTS TARGET CRPF BUNKER IN GRENADE ATTACK

A part from two killings in a single day armed terrorists hurled a grenade at CRPF bunker near Oxford School road area of South Kashmir's Anantnag district. However in the attack nobody was injured. These grenade attacks are mostly undertaken by the bike borne miscreants, who take benefit out of the locals walking across the busy streets. The coward terrorists violate humanitarian laws and cause huge disturbance to the shop owners and poor vendors whose earnings are directly dependent on rush in the markets. Due to incompetency to cause misery to security agencies terrorists find the way of attacking pickets and police parties as an opportunity to maintain their presence. Meanwhile, the alert forces are

always ready to tackle the situations with great valor. Every month grenade attacks are faced by our security forces yet the confidence to deal with rogue forces is seen atop.

Terrorists also target local representatives-panches, sarpanches, and youth leaders, while maintaining a gap from them to avoid the arrest by forces performing their duties on nook and corners of the valley floor for law and order maintenance which is found at risk concerning multiple off-shoots of the terror sponsors. Although the motivation behind these destructive acts is obvious, but exploitation in religious teachings has worsened the condition by a large scale.

Short of confidence due to consistent elimination of so called Gazis, Jihaadi nexus finds it hard to break the security cover thus resort to safe method of lobbing grenades on security forces and innocent Kashmiris irrespective of their innocence, gender and age.

SUMO ASSOCIATION PRESIDENT SHOT DEAD BY TERRORISTS IN BANDIPORA

On October 5, in a deplorable act of violence Mohammad Shafi Lone was killed in Bandipora. The killing was third incident of terror in a single day. In the trio incidents, terrorists target killed two innocent Kashmiris and a non-local street vendor from Bihar, sending a deep shock down the spine in all sections of Kashmir valley; especially the non-Muslim community witnessed it as a whistleblower, purveying the reports about possible attacks on them. In Srinagar, famous chemist Makhan Lal Bindroo, owner of a famous clinic 'Bindroo's' was also shot dead. Meanwhile, in another terror incident near Madina Chowk Lalbazar area, terrorists brutally killed a non-local (street hawker) identified as Virender Paswan resident of Bhagalpur Bihar.

Multiple aims lie behind the scene of these targeted killings. One, creating a climate of fear to deteriorate peace of valley and hurdle the investors to spend in the industrial sector. Two, countering the narrative of government regarding the post-article situation, though agencies reached the point that normalcy had returned, and a dip in terror incidents was claimed, but the recent attacks

were focused to topple all audacious claims of government.

Adding fuel to the problem, the basic paradox of Article 370 was thrown into debate of terror heads which culminated with multiple results, some asserted assassination of non-locals could free the occupied spaces and some had built the opposite narrative to counter the emerging peace post abrogation of article 370. It is relevant to mention that an article of Indian constitution was a candy around which multiple state and non-state actors buzzed in their respective styles.

A nationalist voice has longer been silenced by the radical section of the society; the local representatives whose single aim remains prosperity and development of the society are eliminated because they envision the peace of the area in democracy. And their killing suffocates the believers in constitutional remedies and of those being taught about moderation and nation building. Such grave human rights violations by terrorists are willfully designed to facilitate uncertainty and to achieve the pre-planned goals.

Violence from barrel of guns has resorted to killing of locals, non-locals and persons from minority community as well. However, the nationalist voices seem to be the priority of terrorists.

OWNER OF BINDROO MEDICATE SHOT DEAD IN IQBAL PARK SRINAGAR

Sixty-eight-year-old Makhan Lal Bindroo was shot at by the assailants from point-blank range while he was at his pharmacy dispensing medicines.

He received four bullets and was declared brought dead at SMHS hospital. A famous chemist in the area, Bindroo had been operating his pharmacy in Srinagar for many decades and was also well known for his philanthropic works.

A Kashmiri Pandit, Makhan Lal Bindroo, was one of the few from the community who did not migrate out even at the onset of militancy in 1990.

He stayed back along with his wife to continue operating his business which grew to become a trusted name in the city for quality medicines. As an intrinsic part of the Kashmiri Pandit community, he will never die from the remembrances of the people.

Shraddha Bindroo, daughter of Makhan Lal Bindroo in conversation with media said that her father may have died but his spirit would always live on. "My father was a fighter, he always said 'I'll die with my shoes on' she further added,

"You can kill one person, but you can't kill the spirit of Makhan Lal. Whoever shot dead my father, come in front of me. My father gave me education, while politicians gave you guns and stones. You want to fight with guns and stones? That is cowardice. All politicians are using you, come and fight with education"

The congruence in the attacks on civilians have narrowed the space that ensured the opinion sharing few years back. Brave hearts are gunned down brutally on roads, near houses, intensely in public places, maintaining the highest level of fear among masses to disturb the relationship with security forces.

Over the past three decades the Kashmiri society has been subjected to undergo a difficult phase of death, destruction and a denial of obligatory space which complicated the overall

situation of Kashmir. The targeted killing of Makhan Lal Bindroo was a worst attack on the ethos, the cultural fabric of the valley. There are around 808 Pandit families in the valley and gunning down of one prominent member is direct assault on all of them. Assailants aim at cutting the historical and sacred thread of Pandit - Muslim brotherhood, which is the very essence of the Kashmiriyat. The following attack was one major incident on Pandit community after 18 years, the last attack was documented in 2003, Nadimarg massacre.

The essence of Kashmiriyat; tolerance, diversity and harmonious co-existence has been put in danger, also the crucial aspect of Kashmir's syncretic tradition and a journey of faith were wholly subdued with the deadly ideology of terror organizations in current time. All the Kashmiris should take strong note of this targeted killing, and send a harsh note to

gun holders. The terrorists by executing such aghast terrorist operations subjugate the rights of innocent people who dream to have a Switzerland like Kashmir by playing their role in bringing the normalcy and prosperity to the paradise Kashmir. The perceptions of violence have since long wanted that valley should remain bloodbathed with terror incidents thus preventing it to be prosperous and peaceful.

SIKH PRINCIPAL, HINDU TEACHER KILLED INSIDE SCHOOL PREMISES

A SCAR ON RIGHTS OF MINORITIES HUMANITY OF THE MAJORITY

Just a day after the killing of three innocent civilians, terrorist this time endlives of two builders of the nation. The candles of enlightenment were present in the school at the time when armed terrorists barged inside, singled them out and killed them brutally. The incident happened in Srinagar's Idgah area in Boys Higher Secondary School Idgah. The teacher died on the spot and the principal took her last breath while on the way to the hospital. Deepak Chand and Principal Supinder Kaur had only last month been practising the national anthem. The pride and patriotism instilled in the nerves, a song of diversity as a single rainbow was what duo were advising to their students. The killing of teachers is gruesome attack on education system of the valley, furthering this during the 90's some 5000+ schools including the prominent Pandit scholars, intellectuals were assassinated to intentionally lower the quality of education, and here also the prejudice of terror organizations took arousal and hence took lives of two teachers of minority community.

These killings provide us two evidences to suspect, one targeting of minority community, second to weaken the belief and revival in reverence for national entities. By elimination of these teachers

after lessoning their students of national symbols, the puzzle clarifies the debate, why the duo were targeted leaving the rest alive without any harm. The question arises, why were the rest of teachers left unharmed? Rogue forces wanted a communal tension to arise in the valley that could fed their narrative, and surprisingly no staff member would contact the security forces and thus the whole Kashmiri society failed in safeguarding the rights of the minorities. Around twenty balance teachers of the school, so called 'architects of nation and belief' remained silent and watched the slaughter as mute spectators. The Hindu teacher and Sikh Principal were involved in building

the multi-cultural, and multi-ethnic identity of the valley that amounts to the real essence of Kashmiriyat, but their assassination is a blot on the liberty of civil society. The open killing of minority based weavers of culture will have a long lasting, and post-traumatic effects minds of more than 150 students. The teachers present in premises probably have lost the right to be called as teachers, and the collective shame should be their case.

The locality of philanthropic Principal was left in deep shock while they heard of her killing, as 52 year

old Supinder Kaur had been an intrinsic believer of Kashmiriyat. She had recently bought a car to drive her sons towards school. Kaur had a deep respect for all faiths and for the same reason, she mothered a Muslim orphan girl in their locality. The locals exchanged their miseries with Supinder, such was her sincerity towards the neighborhood. Every day her routine included

a share of love and affection for the Muslims living around in the area. Though she had her two kids, but she brought up three and more with her vast heart. One Muslim orphan girl, whose deep emotional connection with Kaur was rigid than her own sons, unfortunately she got orphan once again and has no idea why her lovely mother was killed. Her killing had a far-reaching effect on the faith of brotherhood among the majority-minority sections in the valley. As a positive indication of love, she would repeatedly insist her relatives visit Kashmir and explore the scenic beauty here. Kaur represented the whole minority in a meaningful and inclusive way to the rest of the country.

Deepak Chand, whose 3-year-old daughter had insisted him not to go, is distraught now. While his father's only crime was, he belonged to the Hindu community. For visiting Kashmir innocent Kashmiri family is now in a pall of gloom. Every section of society condemned the killings, including EJAC, Kashmir Chamber of Commerce as well. Similarly,

The killing of non-muslim teachers is an attempt to disintegrate and harm the basic fabric of Kashmiri society and essence of Kashmiriyat, that they are bringing a Pakistani culture of violence against non-Muslim members of society. Thus the whole Kashmiri society failed in safeguarding the rights of the minorities. Around twenty balance teachers of the school, so called 'architects of nation and belief' remained silent and watched the slaughter as mute spectators.

terror outfits have been focusing on retarding the expansion education system and development in the industrial sector of the valley. These incidents-the killing of Sikhs and Pandits as identified from last week, has retained fear and suspicion in said communities. As such, these incidents replicate day by day, involving gross human rights

violations, curbing of freedom and devastation of peace.

This is an attempt to disintegrate and harm the basic fabric of Kashmiri society and essence of Kashmiriyat that they are bringing a Pakistani culture of violence against the Non-Muslim members of society.

SRINAGAR SCHOOL FIRING

मेरी मां का कसूर क्या था ?

TERRORISTS THROW GRENADE AT CRPF BUNKER IN SRINAGAR

On Oct 8, terrorists lobbed a grenade at a security forces bunker in the Safa kadal area of the city. In another incident two cops were injured after armed terrorists fired upon a police party in the Manzgam area of Kulgam district on Saturday, Oct 09. The cycle of violence continues in the valley with a new routine, hurling of grenades, mine blasts and targeted killing incidents. The social fabric of Kashmiri society is next in target, as such Sikh and Pandit communities stand perforated by the exposed crime of terrorists. The conflict is gripping the Kashmiriyat within terrorism's hole and disgruntling the multi-cultural identity of the valley, alienating minorities more from the ambit of brotherhood.

As the grenade was lobbed, the window panes of the vehicle sooted like smoke and charcoal. The damage to public and government property is one portion of the plan to frustrate the people with the present

government, as a common man finds no time in unlocking the deadly plans of terrorists. The unhappiness, growth in violence ultimately result in disaffection with the government, which later on culminate with the unexpected unrests like the instances of the recent past. The LG said, while addressing the police commemoration day parade at the Armed Police Complex: "attempts are being made Pakistan to disrupt the process of peace and development in J&K. our brave security forces will neutralize every terror threat."

By throwing grenades on security forces which are easier to carry, terrorists please their masters sitting in cozy rooms in Pakistan. Our sleep is possible with their vigilant eyes prowling for the enemy and the prosperity culmination of their endless sacrifices

Kashmiris are suffering from a trauma of these daily attacks years, no dusk arrives without causing miseries to the innocent people. The paradise is burning for irrational gains. Spate of killings of civilians in recent days has again led to unease, particularly among the religious minorities.

TERRORISTS TARGET KILL TWO NON – LOCALS IN PULWAMA

Armed terrorists shot dead two non-local persons in the Srinagar and Pulwama districts of central and south Kashmir respectively on Saturday 16 Oct.

The terrorists fired upon the non-local Sageer Ahmad of Saharanpur UP, near Litter Pulwama in the evening and killed him in cold blood. Sageer a carpenter by profession was immediately moved to the hospital where he succumbed. With a wish to take out the family from poverty he had come to Kashmir. The killing came in less than an hour after unknown gunmen killed a non-local street hawker, Arvind Kumar Sah, near Edgah Park in Srinagar.

Lieutenant Governor Manoj Sinha, CPI (M) leader Mohammad Yousuf Tarigami, NC vice president and former Chief Minister Omar Abdullah, PDP Chief and former chief minister Mehbooba Mufti, People's conference and almost every party condemned the attack.

One wonders, what could be the fault of poor

vendors who come from various parts of the country, bear all hardships to earn livelihood for their families. Killing them in cold blood is the brutal face of terror organizations. The civilian killings are unforgivable, mindless and highly condemnable and unacceptable, and this spree of innocent civilians is unbearable.

These heinous attacks call for an unconditional condemnation from both social and political forums in the valley. Kashmiriyat can never be tainted with the

blood of innocent and those elements who covet to destroy the historical ethos of Jammu and Kashmir have undermined the strength of our cultural roots that are enshrined in a Sufi-Rishi tradition. The fringe lobby can never define the majority public sentiment. Such killings pertain to direct violation of human rights, and this abuse is extended propagation of terrorism in valley.

The killings of non-locals by terrorist groups are an attack on rich cultural ethos, tolerance and Rishi-Sufi tradition which has been praised throughout the world. The poor Biharis had come to valley with hopes high to earn their livelihood to support their families and fight with the poverty but their dreams were shattered and their families distraught.

TWO NON-LOCAL LABOURERS KILLED, ANOTHER INJURED IN GANJIPORA KULGAM

On 17 Oct, in Kulgam two more non-locals were killed and another injured at Wanpoh. The duo Raja Reshi Dev and Joginder Reshi Dev belong to Bihar. Joginder Dev is survived

by his old mother, wife and three children. Chun Chun Reshi Das received some injuries and was immediately hospitalized. The valley has been clouded with grief and dismay post assassination of poor vendors who come to earn their livelihood. Extremely callous new phenomenon of killing cycle has upset the applecort. The attacks were intended especially when high impact is needed by the terror handlers. The impact needed at the initiation of the campaign or impetus has started flagging red. The soft targets with low investment risk become necessary and minorities are among the softest targets just as another variety of people-soldiers, policemen on leave.

Two aspects are important in this analysis. First is the fact that after the decisions of August 5, 2019, when India undertook a fresh robust drive against terror and combined it

with a series of other constitutional and legal measures, the back of terror networks was largely broken. The most important of these measures was the focus laid on

dismantling many networks which had thrived in J&K over 30 years, and on which the terror industry depended.

Day after day, the killings take a toll, due to which an atmosphere of gun culture and fear culture are taking boom. From the killing of teachers to non-local laborers, the terrorists are trying to create fear psychosis in the valley. The gruesome murder of poor vendors amounts to mere barbarism and utter frustration of the terrorist groups. The terrorists are

turning the valley into a blood painted state, where no guarantee of the right to life is exercised. Many of these attacks have already damaged the flow of tourists and hampered the investors from entering into the valley. KRF strongly denounces the barbaric attack on non-local laborers who lost their lives.

Famous for the name 'paradise on earth' poor vendors and labourers visit valley for earning, that too meagre- selling Gol gappas, labouring hard through day and night, while being some hundred kilometers away from home. Killing these innocent and poor vendors is highest level of brutality.

INNOCENT KASHMIRI YOUTH KILLED BY TERRORISTS IN ZAINAPORA, SHOPIAN

On the morning of Sunday, Oct 24, one civilian was killed near CRPF camp in Zainapora hamlet in Shopian. The civilian identified as Shahid Aijaz from Anantnag was killed in a firing initiated by terrorists at the Babapora area of Shopian. Many such cases have appeared before us, where innocent civilians were targeted, for their walk on the streets. Unfortunately, the lanes of Kashmir had been turned into a warzone by armed organizations, which aim to disrupt the peace and stability of the region. The intent of terrorists is clear, sabotaging all peacebuilding measures, balancing the worst economy of the region. The case arises if the economy of the region is head-on, the economies and shares of terror associations disgruntle, thus the perpetuation in cases of violence is a chain, that is not allowed to break by constant instigation of target killings, grenade attacks kidnappings and

threatening to Democratic actors. The greater damage alots more power to terrorists in spread of fear and alows them to succeed in their nefarious plans. The very base of their nexus is fear, suspicion and warning which prove out to be a working tool for the parent organization like LeT, JeM, and out-shoots. The killing of a youth delves the disaffection of people into government formation, for many reasons, where hopelessness is employed as a psychological tool. For saving their lives terrorists normally target

The disregard of terrorists killing innocent civilian in crowded place is a clear indication of their capability to resort to collateral damage and blame on security forces. Masses while falling in trap of terrorists sometimes misinterpret their security forces and show their reactions, which in reality provides terrorists a space and base for evil, illegitimate activities and most importantly the time to elope from the spot.

innocent Kashmiris in order to divert their attention from the encounter sites. Here also, masses sometimes misinterpret their security forces and show their reactions, which in reality provides terrorists a space and base for evil, and illegitimate activities. KRF condemns the killing of a gullible civilian, who left behind a family and dependents.

TERRORISTS LOB GRENADE ON POLICE STATION IN KAKAPORA PULWAMA

On the evening of 25 Oct, terrorists lobbed a grenade towards security forces in Kakapora, Pulwama district. The grenade was hurled towards police station Kakapora, however, it exploded outside and there was no loss of life or injury in the attack. Grenade attacks are turning as a meek effective tool by terrorists to avoid confrontation with forces. Upon lobbing terrorists flee away from the spot, and hurl the small explosive in their targeted direction. More so, several lives are lost in these terror attacks that have been used as a tactic for the propagation of fear and suspicion ultimately resulting in the destabilization of the economy, and harming the peace process in Kashmir. The damage is uncountable on either ends, no introspection was ever done by the terrorist groups to reduce the activity and let the people take a sigh of relief.

Attack on police station is an instance of highest degree of terrorism. Rogue forces want to worsen the law and order situation of Kashmir to perpetuate their unlawful activities and forbid Kashmiris of their rights.

The misery of people is even deeper, who lose their bread earners, sons and daughters in deplorable acts which are against the humanitarian law. The rogue forces are prime cause of the underdevelopment and loss of human resource. With the grenade attacking we have lost a huge majority who were highly capable of changing the fate of Kashmiris. The doctors, engineers, political scientists and politicians we lost in the game of guns have deprived us of a potent leader. The separatism would have eliminated if a towering leader was there to counter their ideology.

Grenade attacks are maintained as a consistent maneuver of terrorism-related activities, avoiding their traceability. The talk of concern is constant human rights infringements by terrorists through target killings, grenade attacks and life threats. ■

GRENADE ATTACK IN JAMMU AND KASHMIR'S BANDIPORA, SIX CIVILIANS INJURED

In a low-intensity explosion, a woman among six innocent Kashmiris were injured in the Sumbal area of north Kashmir's Bandipora district on 26 Oct 2021. Upon investigation, hospital authorities identified the injured as Mushtaq Ahmad Bhat of Safapora, Tasleema wife of Abdul Hameed Malla of Markundal, Faroz Ahmad son of Bashir Ahmad, Mohammad Altaf of Maloora, Faisal Ahmad of Safapora and Abdul Hameed Malla. Today marks the historical event when the instrument of accession was signed with the Indian Union by the Kashmiri leaders way back in 1947, the explosion came on its anniversary. As of now, six homes are crying with utmost suffering and this story goes far beyond grief and pain. Terrorism has taken the happiness of valley on a lease, human rights violations intensify due to the repercussions of frustration in terror outfits. The developmental projects, drives against corruption but this continuity in terror activities

Taregting innocent kashmiris seems to have become a norm and priority of the terrorist groups. The economy from sufferings of people is extracted by groups operationalized from Pakistan and people are left in utter pain. Many people loose their body parts and are hadicapped for lifetime.

have driven the valley away from an investment sector. The terrorist activities must be condemned in one strong voice. A collective response is badly needed to thwart the harm and destruction to human resources and the economic stability of the valley. The terror networks run by a plethora of over ground workers (OGWs) help to shore up the terror. While terrorists were regularly eliminated, these networks thrived and continued to support the creation and functioning of the replacements which were provided by recruitment or infiltration. The networks also had academic, financial, media, ideological and legal linkages. Once the networks got hit, the chances of revival of terror started to dwindle. It is important for the ISI to retain these networks and back them with intermittent high-profile acts to project relevance of separatists and terrorists. High-profile acts are not easy to come by with the dragnet laid by the security forces.

1. There have been Twelve incidents of human rights violation by terrorists in Kashmir valley in the month of Oct 2021.

- (a) 06 Innocent citizens and 02 Security forces personnel suffered injuries during these attacks.
- (b) 12 Innocent citizens lost their lives in terrorist violence in the month of Oct 21.

MONTHLY BULLETIN

www.kashmirrightsforum.in

KASHMIR RIGHTS FORUM CUSTODIANS OF HUMAN RIGHTS IN KASHMIR

The Kashmir Rights Forum (KRF) is an informal, secular, apolitical and forward looking interactive platform highlighting human rights violations perpetuated against innocent Kashmiri population by terrorists either directly supported by separatists and their over ground workers or indirectly by sympathizers over last three decades as a result of proxywar initiated by Pakistan on our homeland.

KRF is dexterous, focused forum with overarching mission to mobilize expertise and public opinion to counter the organized attempt to violate human rights of common innocent Kashmiris of all generations by the nexus and tarnishing the image of government and security forces by certain section of media, intelligentsia and conflict entrepreneurs by flaring up allegations of human rights violations on them, thus diverting attention from the real perpetrators of these violations.

We, at KRF encourage response by likeminded or otherwise, people and organizations, on documents, articles & video content produced on multiple social media platforms by us to apprise all citizens of such violations. KRF will endeavor to expose the designs of the perpetrators by studying the past and present and producing the facts for public scrutiny as part of our research and highlight such events in present, earliest on occurrence.

A Review of Human Rights Violations in Kashmir for the month of NOVEMBER 2021

MUSLIM SALESMAN TO A PANDIT FAMILY KILLED BY TERRORISTS FOR DISPLAYING TRUE KASHMIRIYAT

Mohammad Ibrahim was shot after terrorists fired at him multiple times in the Bohri Kadal area of Srinagar on evening of Nov 9. Ibrahim Khan, a resident of Bandipora worked as a salesman in the shop of Roshan Lal Mawa who had returned back to his native land after 29 years in 2019. The motherland's love brought him back to the valley where the neighbors eagerly waited for his return. Pandits had been a part and parcel of the Kashmiriyat since the inception of the age old tradition. The two communities were living in harmony until militancy and lack of support from the locals resulted in large scale exodus of Kashmiri Pandits. Of late it has been quiet heartening to see the revival of the bondage between the two communities. The links between the two are interwoven with love, affection and deep respect for one another. However, the gruesome murder of Mohammad Ibrahim Khan by terrorists has again jolted the influx of Pandits to the valley. Ibrahim was a sales assistant in a shop owned by a Pandit. Though the Kashmiri Musalmaans are fond of the Pandit community and have no enmity towards them, but

certain hardliner Kashmiris want to disturb the overall environment of brotherhood.

It is noteworthy to observe that a Muslim sacrificed his life for the Pandit, which the shop owner Sandeep Mawa quoted in an interview with the media; Mawa says "He sacrificed his life for me. A muslim sacrificed his life for a Hindu. He was a great soul." The Kashmiris need to stand up against the inhumane approach of the terrorists as also need to voice their collective opinion against the terrorists. These inimical elements have always disturbed the communal harmony. All the communities Muslim, Hindu, Christian and Sikh will have to collectively fight this trend of cutting the basic fabric of Kashmiriyat. Terror outfits have recently intensified their operations in valley to destroy the development and peace process in the valley. The new economic projects introduced in valley are bringing back prosperity to the valley. Attacking the shop of a Pandit businessman is aimed at disrupting the economic process of bringing back development to the valley.

An inspiring example of trust and faith. Terrorists aimed their guns at the Pandit shop owner but the Muslim salesman instead took the bullets on his chest. Such incidents solidify the spirit of Kashmiriyat even more.

GRENADE ATTACK IN PALHALAN, 2 CRPF, 2 CIVILIANS INJURED

In a gruesome grenade attack by terrorists, two paramilitary personnel including two civilians sustained injuries in the Palhalan chowk of Baramulla on 17 November. The attack unfolded inside the market on an open road and was aimed at demoralizing and causing casualties to security forces while embodying an intention of instilling fear among the masses and restricting their movement and businesses thereby endeavoring to disrupt the economic revival in the valley. These deplorable attacks of mindless violence cause undue hardships to the daily wagers viz, tongas, carts, street hawkers and small business units, who are forced to close making it

extremely hard for them to sustain their daily earnings. The labourers and small scale business are worst hit given the attacks that occur in public places like markets, roads etc. The security forces find it hard to sieve the terrorists who exploit the shield and camouflage of the local populace and perform nefarious acts of violence. This, in turn, affects the freedom of the local populace whose movement is hampered in checkings and frisking at some points due to civilian attire put on by the terrorists.

The people of Kashmir need to rise to the occasion and show solidarity by continuously condemning these dastardly acts of violence

**Terror attacks deny Kashmiris
Right to earn a decent
livelihood: A major infringement
on their basic rights.**

2 INJURED IN SRINAGAR GRENADE ATTACK

In an attempt to ensure more harm and suffering to the people, terrorists lobbed a grenade in Eidgah, Srinagar on 11 Nov in a heavily crowded area which resulted in injuries to two pedestrians, identified as Aijaz Ahmad Bhat and Sajad Ahmad Bhat, an off-duty policeman. The attack was carried out near the CRPF's 161 battalion camp to show that the attacks were actually caused out against the security forces.

The aim of such attacks around security contingents is to instill fear in minds of the locals, who consider themselves safe in vicinity of security forces. Terrorists are

**Local Kashmiris must unite
and collectively condemn
such dastardly acts of
terrorists.**

now frustrated of the evolving normalcy therefore target the areas which sensationalize these nefarious designs. Our collective approach can undo many such attacks. Towards this, it's important that all Kashmiris remain awake to this live and burning issue. Unless the entire community stands up against these violent acts, nothing much can do to improve

the terror situation in the valley. Kashmiri citizens must immediately report to the nearest SF post about the presence of terrorists thereby thwarting the nefarious intentions of the terror groups.

Violence gripped the valley since the last few months little more than the average attacks in the past. A lot of blood was shed due to the violence initiated by terrorists a cop of JK police was targeted by a group of armed terrorists outside his residence in Batamaloo, Srinagar. **Constable Tausif Ahmad**, 29, Sustained bullet shots from point-blank range. Ahmad, the lone breadwinner of his family is survived by his wife, two children aged four and five and an elderly mother.

The killing followed the valley wide condemnation from all sects of political beliefs, who in strong words termed it as a “dastardly act”. *“Unequivocally condemn the cowardly & dastardly attack on 29-year-old policeman in Batamaloo, Srinagar in which he lost his life. No words of condemnation would be enough! May Allah grant him a place in Jannat. Our hearts go out to his family and friends at this time of grief,”* the Jammu and Kashmir National Conference tweeted. LG Manoj Sinha also condemned the deplorable act of violence against the slain police cop.

Unfortunately, the killing

spree has been stretched into this month as well, while the killings had already tolled to dual numbers in last month. These terrorist operations have frozen movement of the local citizenry, thereby affecting their daily lives. The killing thread mostly took place during night hours and wee hours so that normalcy gets disrupted during the day time.

It may well be understood that violent ideology of terrorists is only further taking away the perceived support of the locals.

Thirty-four people, including shopkeepers, political activists and policemen, have been killed in this year. These violent acts end up disrupting the development and peace process. There were some 50-violence related incidents in the city of Srinagar alone. However, the killing of Tausif sent a shock down the spine of family including his two children. This cold blooded killing seems to be a perceived message to the police forces who are toiling hard to eliminate the terrorism from the valley. Notwithstanding, police have now formulated stringent measures to nab and punish the terrorists.

Killing of Tausif is an act of extreme cowardice. He was the lone bread-winner of the family, survived by an elderly mother, wife and two-children. His killing proves that terrorist outfits have no proximity to local Kashmiris.

There have been three terrorist human rights violations in Kashmir valley in the month of November 2021.

- A) 06 civilians and 02 SF Personnel suffered injuries during these attacks
- B) 01 civilian and 01 security personnel succumbed to injuries.

KASHMIR RIGHTS FORUM CUSTODIANS OF HUMAN RIGHTS IN KASHMIR

The Kashmir Rights Forum (KRF) is an informal, secular, apolitical and forward looking interactive platform highlighting human rights violations perpetuated against innocent Kashmiri population by terrorists either directly supported by separatists and their over ground workers or indirectly by sympathizers over last three decades as a result of proxywar initiated by Pakistan on our homeland.

KRF is dexterous, focused forum with overarching mission to mobilize expertise and public opinion to counter the organized attempt to violate human rights of common innocent Kashmiris of all generations by the nexus and tarnishing the image of government and security forces by certain section of media, intelligentsia and conflict entrepreneurs by flaring up allegations of human rights violations on them, thus diverting attention from the real perpetrators of these violations.

We, at KRF encourage response by likeminded or otherwise, people and organizations, on documents, articles & video content produced on multiple social media platforms by us to apprise all citizens of such violations. KRF will endeavor to expose the designs of the perpetrators by studying the past and present and producing the facts for public scrutiny as part of our research and highlight such events in present, earliest on occurrence.

A Review of Human Rights Violations in Kashmir for the month of DECEMBER 2021

TERRORISTS ATTACK POLICE BUS AT ZEWAN, SRINAGAR, 8 COPS INJURED, 4 CRITICAL

In an extremely outrageous act of violence and cowardice, a bus carrying 25 security personnel was attacked by three terrorists of JeM, resulting in injury to policemen of which 2 achieved martyrdom and 12 survived severe wounds. In retaliation one terrorist who was shot managed to flee. The attack was carried out at the Zewan area of Srinagar in evening of December 13. During the attack, terrorists fired indiscriminately at the vehicle of the 9th battalion Indian Reserve Police (IRP) on Pantha Chowk-Khonmoh road. Notedly, police had been the prime target of terrorists for the last few weeks. In the last week two policemen were assassinated in cold blood by the terrorists in Bandipora. The attacks on police are the terrorism in Kashmir is witnessing two key shifts in pattern: J&K Police have emerged as the prime target and the main stage of

The terrorism in Kashmir is witnessing two key shifts in pattern: J&K Police have emerged as the prime target and the main stage of attacks has shifted from South Kashmir to Srinagar city over the past few months.

attacks has shifted from South Kashmir to Srinagar city over the past few months. The official data from 2021 show that for the first time in a year, the number of police personnel killed by terrorists has outnumbered the collective toll of other security personnel who were targeted in the Valley: 19 of the 27 killed.

Of the 40 security personnel killed in J&K this year, 20 are from the police. In 2019, of the 83 security personnel killed in J&K, 11 belonged to the police. And in 2020, there were 16 police personnel among 60 security forces killed by terrorists in J&K. This shift is sharp since it was in autumn of 2020 that the police had declared Srinagar a militancy-free district. But over the past three months alone, it has witnessed at least nine gunfights in which 15 militants were killed. In early October,

two civilians were killed by militants in Srinagar followed by a string of attacks in which three local residents from minority communities and two migrant street vendors were killed.

The law and order situation in the valley has seen a drastic improvement since Jammu and Kashmir was absolved into Union territory. Centre's direct hand on the departments curtailed corruption to many degrees which stopped the growth of terrorism for now. The hawala money supporters,

beneficiaries of the conflict economy have been cut from the tail ends resulting in frustration of the terror outfits. The same money which was circulated for the growth of several other illegal activities witnesses breaks due to stringent measures by the union government. In the purview of these measures, terrorists toil to disrupt the peace and normalcy in the valley. The attack on policemen is an assault on the face of Kashmir who any how safeguards the rights and privileges of the Kashmiris.

TERRORISTS SHOT AT A POLICEMAN IN PULWAMA

On December 19, terrorists fired upon an on-duty policeman, Mushtaq Ahmad Wagay. However, he received the bullet shot in his leg. Mushtaq who worked as a washerman in District Police Lines Pulwama received severe wounds in the attack by terrorists. The innocent policeman assisted the fellow personnel, he worked as a washer man and was performing his duty while being shot by the armed terrorists.

Notably, the elimination of terrorists is continuing with each passing day. The security

agencies are working day and night to ensure the security of civilians, but terrorists propose their illicit attacks out in wake of night hours – darkness, cowardly groups to ensure their safety for fleeing. The excruciating pain due to bullets is not new to the security men including the civilian population, losing

lives, happiness from time to time due to gross human rights violation. Although the alert forces keep thwarting such vociferous attacks but, OGW's in normal attire are hard to find.

Mushtaq Ahmad Wagay, a washer man fails to understand his fault for which he was fired upon. The curse of terrorism is damaging the normalcy in the valley.

MAN IN BLUE SHOT IN RAJOURI KADAL, SRINAGAR

On December 01, a traffic policeman who was performing his duty in the Rajouri Kadal area of Srinagar, was attacked upon by the armed terrorists resulting his injury in the deplorable attack. The policeman, Mohammad Abdullah, was shot at by the terrorists from close range while he was on duty and had been busy with the traffic around. It was the time, when terrorists found an opportunity to killing him at point blank range. Attacking a duty bound

Harming an innocent traffic policeman repeats the story of terror being pushed by the armed terrorists as well as their handler nexus.

discipliner is sheer injustice on the part of terrorists, who always have the motive of spreading violence and hopelessness. Although it wasn't the such single instance of human rights violation, but the alertness of security forces thwart some dozen such attacks every month.

A stringent vigil by the police has resulted in daily attacks on policemen even on their followers, or assistants in the department.

2 POLICEMEN KILLED IN TERROR ATTACK IN KASHMIR'S BANDIPORA DISTRICT

Loss of human resource show no cease, for this time, terrorists attack a Police party at Gulshan Chowk in northern district of Bandipora. In the lethal attack on 10th of Dec, police personnel namely, Mohd Sultan and Fayaz Ahmad lost their life. Taking benefit of the cold and haze that had gripped the whole valley, coward terrorists fired upon them from a distance with the automatic weapons. Although, along with the leadership elements - commanders, trainers, role models - the SFs have also eliminated a large number of terrorist cadres, resulting in a decline in overall cadre strength. But still many new masked faces- OGW nexus in a silent mode on payroll of the Separatists perform the attacks around the valley floor. It's for the same reason, attacks being carried

Two more sons of nation lost lives performing their duties for the mother land- India.

out even after elimination of the dozens of terrorists.

Since the last attack was carried on the 24th of November, and till this day a lull was witnessed for certain covetous reasons. However,

the attack came as a deceitful move from the terror sponsors who broke the backbones of two innocent and desperate families. Words fall short in sending statement of condemnation for these dastard attacks which aim at war mongering against alert forces. As the terrorists are being swept in daily encounters across the valley side, terrorists had hidden in furrows to save their lives. People kept denouncing in harsh words, the gross human rights violation, families whose candles of hope were lit off with the roar of guns, supplied by terror factory- Pakistan.

CIVILIAN, SHOT DEAD BY GUNMEN IN SRINAGAR

On Dec 22, an innocent Kashmiri, Rouf Ahmad, 45, was shot at by armed terrorists in the Eidgah, Srinagar. Rouf worked as a property dealer. He was fired upon near Merjanpora area of Srinagar. Rouf left his house to buy biscuits for his five-year-old daughter on Wednesday, December 23, evening. As he walked along a vehicle parked on the roadside, suspected terrorists fired multiple bullets. Some of the bullets hit Rouf, injuring him fatally.

People nearby found him lying on the road in a pool of blood. He was probably dead and someone had put a shroud on his body. Rouf's tragic death spread across the city, a pall of gloom descended on the Merjanpora locality. Hundreds of men and women gathered at the family's residence, comforting

his inconsolable mother and wife, even as neighbours started preparations for the last rites. *"Why did you leave me alone in this world, Rouf?" Shazia, his wife, cried out in shock, as female relatives and neighborhood women comforted her, "Who will take care of your daughter and mother? Please bury me in his grave. I don't want to live any longer.*

The deplorable act left one more family in extreme pain, the children in distress and the hunger of terrorists fed with the blood on road. How tragic it seems to kill a father of little children, who remain waiting for their father to come back with the biscuits. But only dead body of the father came back home with blood stains around.

Rouf Ahmad left home to bring biscuits for the children, but armed terrorists killed him on the road, and only his body came back home.

KASHMIR BLEEDS WITH THE BLOOD OF INNOCENT POLICE OFFICER AND A CIVILIAN

Lamentable incidents reflect no cease in violence and unrest, cutting the thread of normalcy from the side of separatist cum supporter nexus. This time terrorists kill an ASI Mohammad Ashraf in a public place. The terrorists cowardly fired upon ASI Mohammad Ashraf of Awantipora, leaving him critically injured with two bullet wounds in the neck and chest. Earlier today, an innocent civilian Rouf Ahmad Khan, son of Mohammad Shafi Khan belonging to Mirjanpora was blood loathed in Nawakal, Srinagar on 22 Dec.

There are several reasons behind the killing of policemen and paramilitary troopers. The evolving peace continued with a sensual and realistic consistency in the law and order situation of Kashmir. Many incidents that were repeated in the near past, rest is history now. People have shown a diverse degree of faith and trust in reforms of police

including the art of dealing with criminals. This situation frustrates the separatist-supporter nexus and results come before in installments like killing of civilians and security personnel.

There have been a series of attacks on the policemen in this month; six policemen were killed in three attacks. The attack was condemned by LG Manoj Sinha, Sajad Lone, Altaf Bukhari and former chief minister Mehbooba Mufti in strong words.

ASI's wife Gulshana couldn't stop crying whole sitting between mourners. ASI's son Nadeem and daughter Nazima had married just two months back

on the same day. The childhood friend of Ashraf Dar quoted him to be an extreme down to earth man. Also 55 year old Dar was on verge of retirement when he became another victim of the rising attack on policemen.

An extremely down to earth man, Ashraf Dar was on verge of retirement, while he fell victim to the bullets of the terrorists. His son and daughters had got married just two months back on the same day.

TERRORISTS HURL GRENADE AT POLICE POST IN PULWAMA, 2 COPS INJURED

Continuity in violence triggered by the Pak backed agencies prolong to commit the human rights violation in the Kashmir- this had been turned into buffer zone as if some war game is being played. This time also, violence caught two policemen in its pawn on Dec 26, and left two of them injured in Pulwama. The nefarious grenade attack was carried by terrorists riding bicycle. However, security forces remain on tiptoes in view of chill, as winter clothes provide a cover to the terrorists for safe carriage of arms and

Attacking policemen is attempt at disturbing the environment of peace and normalcy in the valley by the terror nexus.

ammunition. Immunity is entertained by the terrorists of different groups who mostly, remain within the lines of people. Thereby carrying forward the terror incidents while seeing the opportunities.

This game of barbarity to cause gross human rights violations is priority of terror's heads. It is the reason for the failure of businesses and the loss of the area's economy. Grip of violence has left the tradesmen, laborers and workers in distress which later toll to unemployment, due to these attacks.

There have been 09 terrorist human rights violations in Kashmir valley in the month of December 2021.

(a) 01 civilian and 06 SF lost life in the month of Dec 21.

(b) 01 civilian and 16 SF suffered injuries during these attacks.

A Review of Human Rights Violations in Kashmir for the month of JANUARY 2022

POLICEMAN SHOT DEAD IN BIJBEHARA

On Jan 16, terrorists hurled a grenade on joint patrol of police and CRPF in Saraf Kadal in Srinagar district leaving a policeman and a innocent civilian severely wounded. The injured policeman Senior Grade Constable Mehraj Ahmad of police post Fateh Kadal, Srinagar, received injuries on left side of upper chest and also in the left leg. An innocent Kashmiri, namely Sartaj Ahmed Bhat, son of Mushtaq Ahmad Bhat of Saraf Kadal was on routine walk also

became victim of the barbarity by the terrorists and suffered injury to both legs and upper left chest.

These incidents are aimed to demoralise the forces and to create fear in the local populace, who enjoy utmost liberty in the vicinity of the security forces. Such attacks are results of networks working for inimical elements, however our alert forces shall neutralize such nefarious designs like in the past.

Attack upon innocent Kashmiris by the terrorists under guidance of their handlers has become a norm to continuously light up the dying cause of theirs. These are visibly feeble last attempts of the nexus as they surely see the end to their three decade long strategy.

TERRORISTS HURLED A GRENADE AT THE POLICE CONTROL ROOM IN SRINAGAR

On 18 Jan, armed terrorists hurled a grenade at the Police Control Room in Batmaloo, Srinagar. However, no injury was reported in the incident as the grenade missed the target. The attack took place around 7:45 PM in the evening and was aimed to cause damage to the security forces, placed in the PCR Srinagar.

The aim of such attacks is to instill fear in minds of the locals and disruption of the peace and harmony in the valley. Keeping vigil on the activities of the terrorists,

Use of grenade indicates the fear and lack of resolve in present breed of terrorists and they have minimal impact. It reflects on the low quality of recruitment in the terrorist ranks indicating the failing appeal of the nexus.

mostly from the jurisdiction of the PCR, the attack was an assault on the police eye. While terrorists are frustrated due to the stringent measures taken to catch them, it's understandable by the fact that hammering policies to wipe out the terrorism from valley is triggering terrorists to plan these dastardly attacks upon the offices.

However, these don't dent the morale of the alert security forces, which are always ready to take down and track the outnumbered terrorists.

TWO COPS INJURED IN GRENADE ATTACK IN PULWAMA

Security forces were performing their duties in the wake of the day, when terrorists hurled a grenade on them, while deployed in Pulwama on 23 Jan afternoon. Seeing the men on duty, busy with their chores of the routine security clearance, coward terrorists hurled a grenade towards the party of the cops deployed at the spot. In the attack, two security forces personnel were injured, who were hospitalised later and cared for the wounds received.

The enemy of the valley and her peace are mad at the pace of development in the valley. It goes against their fundamental agenda of unrest and violence.

The attack having the intention to spread the fear in the local population, in order to curb the movement of the locals, going out for their daily chores. These attacks act as a road block, hesitant of their safety outside their homes.

Other roles of the attacks include showing the presence that they still exist, but they vanish soon with the exercise of will by the security forces.

THREE CIVILIANS INJURED IN GRENADE ATTACK IN HARI SINGH HIGH STREET, SRINAGAR

A day ahead of Republic Day celebrations terrorists hurled a grenade towards security personnel on the busy Hari Singh High Street area of the city. At least three persons were injured in the terror attack, including a police officer and two women. A day before Republic Day, terrorists planned to sabotage the celebrations.

Notably, the eve of Republic Day is special for the peace-loving people of the country,

Harming the innocent Kashmiris around Republic Day is an attack to undermine the constitution and violate the rights of common citizens. It is symbolic and perpetuated just to draw attention. Harming innocent civilians for such a purpose can only be termed as barbaric and uncivilised.

and terrorists play with human rights and are manipulated by the Pak agencies from time to time around such occasions. The attack left people wounded and caused damage to property which is a denial of the basic human rights guaranteed to every citizen of the country. The terrorists must be dealt with the harsh laws as this has turned the life of commoners miserable.

HEAD CONSTABLE OF JKP SHOT DEAD BY TERRORISTS IN HASSAN PORA, BIJBEHARA

In yet another violation of human rights, a police head constable was shot dead by terrorists in South Kashmir's Hassan Pora, Bijbehara. Head constable Ali Mohammad Ganie was shot at around 5:35 PM near his residence at Hassan Pora in the Bijbehara area of Anantnag. Terrorists violate human rights on daily basis dooming the lives of the families in the Kashmir region. Though security forces keep thwarting the attacks, a small ratio of the population which fall prey to the terror agencies has a lifetime blot with death of a family members.

Following the attack, local parties of the Union Territory reacted and took to their Twitter handles. People's Conference chairman Sajad Lone termed the incident as 'senseless violence'.

"Yet another gruesome act of senseless violence. Ali Mohd Ganie of JK police falls to the bullets of violent thugs. Salute his Sacrifice," Lone said in a tweet

Apni party president Syed Altaf Bukhari also condemned

the killing of the policeman and termed the attack as cowardly and extremely heart-wrenching. Bukhari asserted that violence holds no space or legitimacy in any civilised society.

"Such acts have only worsened the collective situation in Jammu and Kashmir for a long time now" he said. He urged the government to disburse adequate ex-gratia to the family of the slain policeman besides putting forth efforts to impede such heinous acts preemptively so that no precious lives are lost.

These attacks won't lower the courage of security forces or that of Kashmir to fight terrorism in the valley, but shall consolidate their bravery to wipe out the inimical elements even faster and harder. One

morning shall arrive, when all such insecurities will vanish and peace will be the only bell in Kashmir. Our hopes are high, that morning will soon arrive, this grief laid hour won't stay always.

Head constable Ali Mohammad Ganie was an honest officer, who was a father, a law protector and the guardian of his children and family members, who now are grief stricken.

There have been 05 terrorist human rights violations in Kashmir valley in the month of January 2022.

- (A) 08 civilians and 04 SF personnel suffered injuries during these attacks.
- (B) 01 security personnel succumbed to the injuries.

A Review of Human Rights Violations in Kashmir for the month of FEBRUARY 2022

POLICEMAN INJURED IN TERROR ATTACK IN SHOPIAN

On Feb 01, policeman Shabir Ahmed went to offer his obligatory prayer inside a local Masjid in his locality of Ashmipora, Shopian. He finished his prayers and passed few phrases with rest of devotees and was preparing to return back home. Unfortunately, as he was about to return, a group of terrorists who had been following him, indiscriminately fired resulting in Shabir sustaining severe injuries. Notedly, the locals were frightened to immediately evacuate him. It must be noted that such elements have proven out to

be the main cause of disturbance and creating fear psychosis in the populace. In the purview of these attacks not only the victim receives bruising ordeal but the local masses in vicinity are also victimized. The impact of the incident leaves a long lasting fear in the minds of the people. These selective incidents of

Shabir's death was mourned throughout the whole village. He was helpful to everyone in their worst times and helped people financially as well as emotionally.

terror deem fit to a inimical plan of spreading fear in government officials who are dutifully discharging their duties in national interest. Police being the first line of defence for the locals is facing wrath of the terrorists.

ONE POLICEMAN KILLED, 04 INJURED IN GRENADE ATTACK IN BANDIPORA

On Feb 12, terrorists hurled a grenade upon the 'Naka' (patrol) near Nishat Bagh, Bandipora. Constable Zubair Ahmad Shah was also part of the patrol party and was dutifully discharging his duties by providing a safe environment to the locals, since he also belonged to the same area. He felt solace and comfort while serving the people of his native area; his confidence was high protecting his people, helping them out by pushing the cart of an old street hawker. Zubair was purchasing fritters from a grayish haired Baba, just to help the poor hawkers to generate some revenue. However, the hatred for Khaki in vessels of the terrorists ensured his doomsday. In the attack, Zubair lost his life and the other three cops Constable Mohd Shafi, Constable Rayees Ahmad and Constable Mohd Yasir received splinter injuries in their legs. Shockingly terrorists would accept a rapist but not an angel in uniform to safeguard the people. The prejudice for uniform comes

Zubair Ahmad being a local always drew solace and comfort while serving the natives of his area. In one such incident while he was helping an old street hawker to push the cart, he was mercilessly shot.

from the fact that, the interests of terror outfits are largely limited by the police forces.

Bandipora had already lost a significant number of security personnel in recent months, leveraged with by the Terror Revival Front with hybridized networks. These incidents are coinciding when the developmental initiatives, rehabilitation policy, infrastructure development and the delimitation exercise in valley have been put into place. The terror outfits have come into broader spotlight recently, after it claimed killings of civilians belonging to the minority communities in the first week of October. Their aim is to generate the home grown resistance against the proper governance that

was successful in preventing various crimes in the Union Territory. While the outside world may view these incidents as isolated ones, however it has disturbed the harmony among the communities.

GRENADE ATTACK ON CRPF VEHICLE IN SHOPIAN, NO LOSS OF LIFE

On Feb 17, a group of terrorists, hurled a grenade on the CRPF party deployed at Keegam in Shopian. The failed attempt resulted in no loss to life. The number of attacks had drastically reduced in the last two months as compared to the preceding period. The peace and stability were possible with the extreme sacrifices of the security forces, who keep vigil on the lanes, forests and ensure that normalcy returns to earliest to the valley since the same shall bring economic prosperity in the valley.

Alert security forces once again survived a grenade attack aimed at destabilizing the peace process in the valley.

Such tricks are the failures of terror organizations, moreover it validates the fact that designs to create instability in the region has been a talk of past now. With the larger involvement of public in vanishing out the inimical elements, the peace has been restored. The investment is coming in the state now. However, it must be understood by the locals that prosperity would only return to Kashmir once the region remains stable and peaceful.

GRENADE ATTACK IN SRINAGAR LEAVES 4 PERSONS INJURED

Friday, Feb 18, people were busy with daily businesses in the open market area of Khawaja Bazar, Srinagar. All people had their hand tied with phone, and eyes set on their commodities to be bought. In the same area CRPF troopers performing their duties with their helmets puts on. Out of nowhere two terrorist came closer, lobbed grenade, and fled away. Soon the glass slab of the shop broke down into shards, and splinters of the grenade wounded many. In the attack of terror, two shops were damaged, one policeman received injuries and three innocent Kashmiris were grievously wounded.

This trend to harm the innocent population is as old as the conflict of Kashmir. It had charged a considerable amount of heads, a huge

number of legs and took away happiness from the homes. The planners of these attacks know well, how a large impact of the incident could be created. In that context, they first choose area of high impact, providing them an immunity to run away and mark their presence. The challenge remains for the security forces, to distinguish between a terrorist and an innocent local as the attires worn by locals are near similar. Hence it is important for the locals to understand why deliberate frisking is required. The

suffocation of the people increases with checking's though for the security, weighing a positive tactic for terrorists, as their intention of causing suffering to the innocent Kashmiris is met.

The suffocation of the people increases with checking's though for their security, weighing a positive tactic for terrorists, as their intention of causing suffering to the innocent Kashmiris is met.

POLICE OFFICER, ANTI-CORRUPTION BUREAU, SHOT AT IN BATAMALOO, SRINAGAR

On the evening of February 28, terrorists shot at police officer deployed with Anti-Corruption Bureau, leaving him critically wounded. The attack was carried out while Sub-Inspector Firdous Sheikh finished his prayers and he stepped out of the local mosque. In the attack, he received bullet injuries in his neck. Firdous Ahmad is a resident of Dhobi Mohalla, Batamaloo.

Firdous had sturdily carried out numerous raids in different locations of the valley to nab officers involved in corruption and malpractices. The officer gained significant

image in the department by arresting saboteurs, who often remained at sway. He would find out the connivance between various corrupt elements in a distinct manner. These sort of sincere officers are a big asset for government as the administration is able

to weed out the malpractices in various sector.

The questions remains: How long shall honesty pay the price of life to these terror outfits? It is a question that need to be answered, and probably the solution lies in collaborative efforts of the society and the government.

Honesty has paid a huge price in valley to ensure peace, stability, rule of law and justice to prevail. However, it won't desist the office-bearers to fight along. Firdous Sheikh's case is an eye-opener for the supporters of separatism.

There have been four incidents of Human Rights Violations by terrorists in Kashmir valley in the month of Feb 2022.

- (A) 01 SF personnel succumbed to his injuries during the month.
 (B) 02 civilians and 03 SF personnel suffered injuries during these attacks.
